Michael Seilmaier

China S Rise Development Oriented Finance And Sustainable Development:

China's Rise: Development-oriented Finance And Sustainable Development Lixing Zou,2014-09-16 As a government institution specializing in development oriented finance the China Development Bank CDB has combined advanced international financial theories with China s practical conditions and has done remarkably well in removing financing bottlenecks establishing market credit systems and ensuring faster and better economic and social development Its practice and theory in development oriented finance represent a major distinctive feature of China s socialist market economy Written in the setting of great history great changes and great challenges this book contains a systematic study of the theory and practice of development oriented finance that has evolved along with China s reform and opening up It provides an in depth analysis of the ideological basis theoretical contents operating principles and innovative development of China s financial system China s Rise Development Oriented Finance and Sustainable Development will promote further discussions and researches on China s modern economic and financial systems and in turn the sustainable development of the Chinese economy and the world economy at large

China's Logic: The Balance Development Lixing Zou,2017-10-10 The law of balance is not just a motivating power but also serves the purpose of development How did human society develop in a balanced manner in history How is China s Modernization impacted by the law of equilibrium How does the law of balance affect China s economic and trade relations with other countries This book attempts to answer these questions and more It applies the balance law methodology to systematically analyze major factors influencing the sustainable development of the Chinese economy and society and to discuss the balanced way of thinking market credit innovation energy and international collaboration that boost sustainable development While the theoretical system of socialism with Chinese characteristics needs a balanced development perspective solving the problem of imbalance requires a balanced approach as well as a balanced interaction between man nature and society which is the key factor for economic development in the 21st century

Africa's Global Infrastructures Jana Honke, Eric Cezne, Yifan Yang,2024-02-01 A bottom up account of how infrastructure investment from the Global South has impacted African policies and practices and its implications for an increasingly multipolar world

China's Foreign Investment Law in the New Normal Shen Wei,2022-12-29 This book analyzes China s new foreign investment law which came into force in January 2020 The new law implemented sweeping changes and overhauled China s foreign investment law regime of the last four decades The foreign investment law aims to make the business environment more investor friendly and address some of the contentious issues between US and China in the ongoing trade war The book explains how the law enhances regulatory transparency It also outlines the new approval process that is the pre establishment negative list system which has replaced the former approval system for foreign investment projects The book also analyzes China s series of anti sanction laws This book will help give readers a better understanding of major changes and benefits under the new law and will be the first of its kind looking at

and their effect on the quality of life for the people of China In the first volume the author distinguishes between economic growth and sustainable economic development and discusses China s current and past economic policies towards growth Chapters also explore the structural transformation of China s economy and its increasingly consumer oriented nature The second volume looks more specifically at the result of domestic policies on the quality of life for people living in China The author examines the distribution of income the alleviation of poverty the Chinese education system and the environmental cost of economic growth These volumes will be of particular interest to researchers and scholars concerned with China s emerging economic power

Challenges Facing Chinese Political Development Sujian Guo,Baogang Guo,2007

Examining the challenges of Chinese political development from a holistic perspective each of the authors emphasizes a particular dimension of political culture political economy foreign policy and environmental and social challenges

Emerging Policy Initiatives and Activities in Coastal Zone Management and Non-living Resources Assessment in Asia and the Pacific United Nations. Economic and Social Commission for Asia and the Pacific,1998 The lack of an integrated approach in coastal zone management is still a key issues It has led to coastal habitats being increasingly degraded through pollution and natural resources being overexploited with growing conflicts between competing resources users This publication addresses the issues related to national emerging policy initiatives and efforts towards integrated coastal zone management and the status and prospects of subregional cooperation in coastal management and non living resources assessment in Asia and the Pacific and presents a regional action program Publisher s description People's Republic of China Year-book ,2003
