In Bethnal Green, a husband and wife were found dead in their home with their 8 year old son. The couple's 18 year old daughter was missing and everyone initially assumed she had been abducted. As it turns out, the daughter, Mahnoor, committed the murders on her boyfriend's insistence. The 18 year old had a 32 year old boyfriend named Hassan who believed himself to be a God. Right before the murders, the two had become engaged. Mahnoor's motive was that her parents were critical of her relationship."

Judge: This trial court is held today for the case of State versus Mahnoor. The defendant has pleaded not guilty in the early administrative hearing of the court. The prosecution, may therefore, commence pleading their case now.

P.L: Your Honour, on the night of the 7th of October 2015, the dead bodies of the defendant's parents and 8-year old brother were found in a house in Lahore Cantt. The murder of three was witnessed firsthand by the cook of the family, Mr. Waris. His statement to the Investigation Officer revealed that the murders were committed by their daughter, the defendant, Miss. Mahnoor. The police retrieved the weapon of offence from the murder sight, which was a locally-made dagger. In addition, Your Honour, the blood found on the defendant's clothes matched the DNA of the deceased as per the forensic science reports. During the course of this time, Your Honour, the defendant was missing and there was the presumption that she had been abducted. However, as the aforementioned evidence came to surface. It became clear that there was no abduction. In order to prove my point, I request the permission to call into the witness box my first witness, Mr. Waris.

The Impact of Plain Language on Legal English in the United Kingdom Christopher Williams, 2022-08-23 This volume offers insights into the ways in which plain language has influenced the language of the law in the United Kingdom critically reflecting on its historical development and future directions The book opens with an overview of the theoretical frameworks

underpinning plain language and a brief history of plain language initiatives as a foundation from which to outline ongoing debates on the opportunities and challenges of using plain language in the legal domain The volume details strands where plain language has had considerable impact thus far on legal English in the UK notably in legislative drafting but it also explores areas in which plain language has made fewer inroads such as the language of court judgments and that of online terms and conditions The book looks ahead to unpack highly topical areas within the plain language debate including the question of design and visualisation and the ramifications of digitalisation contributing to ongoing conversations on the importance of plain language both in the UK and beyond This book will be of particular interest to students and scholars interested in the intersection of language and the law as well as related disciplinary areas such as applied linguistics and English for Specific Purposes
