Lustig, 2021-05-04 The New York Times bestselling author of Fat Chance

explains the eight pathologies that underlie all chronic disease documents how processed food has impacted them to ruin our health economy and environment over the past 50 years and proposes an urgent manifesto and strategy to cure both us and the planet Dr Robert Lustig a pediatric neuroendocrinologist who has long been on the cutting edge of medicine and science challenges our current healthcare paradigm which has gone off the rails under the influence of Big Food Big Pharma and Big Government You can't solve a problem if you don't know what the problem is One of Lustig's singular gifts as a communicator is his ability to connect the dots for the general reader in order to unpack the scientific data and concepts behind his arguments as he tells the real story of food and the story of real food Metabolical weaves the interconnected strands of nutrition health disease medicine environment and society into a completely new fabric by proving on a scientific basis a series of iconoclastic revelations among them Medicine for chronic disease treats symptoms not the disease itself You can diagnose your own biochemical profile Chronic diseases are not druggable but they are foodable Processed food isn't just toxic it's addictive The war between vegan and keto is a false war the combatants are on the same side Big Food Big Pharma and Big Government are on the other side Making the case that food is the only lever we have to effect biochemical change to improve our health Lustig explains what to eat based on two novel criteria protect the liver and feed the gut He insists that if we do not fix our food and change the way we eat we will continue to court chronic disease bankrupt healthcare and threaten the planet But there is hope this book explains what's needed to fix all three

*How to Prevent Autism* Dara Berger, 2017-07-04 The statistics are alarming and become more so every year The Centers for Disease Control and Prevention estimates that 1 in 68 children have been identified with an autism spectrum disorder making it one of the fastest growing developmental disorders in the United States Further the CDC estimates that parents with a child on the autism spectrum can have nearly a 20 percent chance of having a second child with autism In *How to Prevent Autism* Dara Berger shares her personal journey with autism She describes everything that went wrong with her son that led to an autism diagnosis and everything she did differently to prevent her daughter from suffering the same fate She interviews eight well known ASD experts including doctors nutritionists nurses and scientists about the factors that have led to the growing epidemic of autism Based on the best practices for preventing autism in children each professional offers perspectives grounded in their own research and their patients' improvements The book covers every detail from the importance of mothers cleaning out their bodies preconception through common genetic mutations that may put children at risk to the crucial role of nutrition in prevention All parents agree that every choice counts when it comes to the health of their children As Dara Berger makes clear in this personal informative and authoritative book the stakes could not be higher when it comes to autism

*How to Fight FATflammation!* Lori Shemek, 2015-04-28 From a leading voice in health nutrition and fat cell research comes a radical and revolutionary approach to losing weight looking great and achieving optimum health simply by restoring your body's fat cells to their natural state Are you consistently overweight no matter what you do Have you tried

everything Are you plagued by stubborn fat hanging around your hips thighs and belly Well there s a reason for that All those frustratingly pointless diets and exercise regimes have failed to address the root cause of weight gain According to Dr Lori Shemek a successful diet isn t centered on calories or cardio She says Cutting calories doesn t cut it Our problems with fat are created because we eat foods that cause the body s natural fat cells to become inflamed Sadly the staples of the Standard American Diet from pasta and bread to factory farmed chicken and cattle from sugar and artificial sweeteners to salad dressing and soft drinks irritate our fat cells causing chronic inflammation and chronically oversized fat cells This irritation causes the body to store fat permanently no matter how hard you exercise or how diligently you cut back on calories Dr Shemek calls this serious condition FATflammation and only when you decrease the inflammation of the fat cells can you achieve the weight loss and optimum health you ve been chasing We need to forget about counting calories counting points fad diets no fat diets and spending countless hours at the gym There is a better and more satisfying way to lose the fat and maintain your desired weight If we want to fix our problems with fat Shemek writes we need to reduce the inflammation in our fat cells In *How to Fight FATflammation* Shemek reveals her revolutionary three week program that helps reboot your body chemistry by returning your body s fat cells back to their natural healthy state In the process she explains the critical importance of maintaining balance between good fats omega 3 and bad fats omega 6 and how a proper ratio of both will help boost your metabolism in short your body will burn fat simply by your eating the right kinds of fat She also helps you eliminate from your diet the dreaded FATflammation Four sugar refined grains high fructose corn syrup and artificial sweeteners Here s your chance to shrink your fat cells and get the body you always wanted
