

Origins of the Cold War

Aim: To be able to describe how the Communists took Control of Eastern Europe.

It's 1949 – my 70th birthday. Let me tell you what's been happening since the war. Estonia, Latvia and Lithuania were already part of the USSR, then at Yalta we managed to get parts of F _____, R _____ and Cz _____ - about 25 million more comrades! I think it's very important that our neighbours are communists – so my Party in Moscow trained important communists from Eastern Europe during the war. You know what happened in Poland – well we had success elsewhere too – tried and tested methods! Not happy about Yugoslavia though...

Recipe for Soviet success:

Ingredients:

- The Red Army
- Some E _____ European countries
- Some local communists trained in M _____
- 'Evidence' against f _____ and capitalists

Method:

- ✓ Get the communists to join in a c _____ government, making sure they get important jobs.
- ✓ Using the evidence, make sure that the non-communists are either t _____ or c _____ from the country.
- ✓ Finally, hold an election – make sure the c _____ are all communists.

'People's democracies' are easy – but not what Britain and the USA expected – Roosevelt and Churchill got a surprise!

Success – Hungary

- 1944 Red Army moves in
- 1945 Free election – Smallholders' Party wins
- 1945-6 Secret police discredit them
- 1949 'People's Republic' set up by Rákosi ('like slicing off salami')

By March 1948, Stalin had set up communist govts. in P _____, E _____, G _____, R _____, B _____ and Cz _____. Non- communist leaders had fled, been imprisoned or were dead.

But Trouble with Tito

Tito, a.k.a. J _____ B _____ was popular in Y _____ because his army had managed to force the Germans out alone.

- 1948 Stalin expelled Tito from the _____ (the Communist Information Bureau) and cut off Soviet aid. Still, Yugoslavia the only communist country i _____ of the USSR.

Teaching a Dark Chapter Daniela R. P. Weiner,2024-07-15 Teaching a Dark Chapter explores how textbook narratives about the Fascist Nazi past in Italy East Germany and West Germany followed relatively calm undisturbed paths of little change until isolated flashpoints catalyzed the educational infrastructure into periods of rapid transformation Though these flashpoints varied among Italy and the Germanys they all roughly conformed to a chronological scheme and permanently changed how each dark past was represented Historians have often neglected textbooks as sources in their engagement with the reconstruction of postfascist states and the development of postwar memory culture But as Teaching a Dark Chapter demonstrates textbooks yield new insights and suggest a new chronology of the changes in postwar memory culture that other sources overlook Employing a methodological and temporal rethinking of the narratives surrounding the development of European Holocaust memory Daniela R P Weiner reveals how long before 1968 textbooks in these three countries served as important tools to influence public memory about Nazi Fascist atrocities As Fascism had been spread through education then education must play a key role in undoing the damage Thus to repair and shape postwar societies textbooks became an avenue to inculcate youths with desirable democratic and socialist values Teaching a Dark Chapter weds the historical study of public memory with the educational study of textbooks to ask how and why the textbooks were created what they said and how they affected the society around them
