Freedom Betrayed Herbert Hoover,2013-09-01 In *Freedom Betrayed* Herbert Hoover's Secret History of the Second World War and Its Aftermath former president offers a revisionist reexamination of World War II including his frank evaluation of Franklin D Roosevelt's foreign policies before and during the war He also examines the war's consequences including the expansion of the Soviet empire and the eruption of the Cold War Herbert Hoover launched this extraordinary literary project during the war and it was finally published nearly fifty years after its completion On issue after issue Hoover raises crucial questions that continue to be debated today Did Franklin Roosevelt deceitfully maneuver the United States into an undeclared and unconstitutional naval war with Germany in 1941 Did he unnecessarily appease Joseph Stalin at the pivotal Tehran Conference in 1943 Did communist agents and sympathizers in the White House Department of State and Department of the Treasury play a malign role in some of America's wartime decisions Hoover raises numerous arguments that challenge us to think again about our past [From the industrial revolution to the First World War and its aftermath](#)

Carl Landauer,1959 *WHO ANSWERED THE BUGLE CALL?* Raymond Metters,2022-01-01 The revised manuscript for the WW1 book sponsored originally by Westmeath Community Development in 2011 focuses upon Kilbeggan in the Irish Republic while making comparisons with the experiences of similar towns in Counties Westmeath and Offaly The suffering heroism and poignant accounts of so many young men sacrificing their lives become alive in what would otherwise remain as the forgotten history of long since abandoned Irish regiments Many youngsters also returned as physically and mentally scarred wrecks to a civilian existence ill equipped to help them One surprise from the study concerns the number of older recruits a few even over fifty years who served as infantrymen The study also recalls defunct regiments like the Connaught Rangers or the Leinster Regiment which gained four Victoria Cross awards in WW1 Military units emerge with less familiar names for instance the Inland Water Transport Corps The study extends to the wider local civilian communities drawn into the European war of 1914 1918 especially the enormous contribution made by the remarkable women involved in relief work and the tragedy sometimes resulting from that commitment An example from the region is Venice C H Hackett a Voluntary Aid Detachment VAD nurse who returned ill to London from abroad only to die in October 1918 from the raging Spanish flu Her remains lie in Liss County Offaly Yet countless names of civilian helpers are unknown Who indeed answered the bugle call

A New Struggle for Independence in Modern Latin America Pablo A. Baisotti, 2021-09-30 This volume explores several notable themes related to foreign affairs in Latin America and the reconfiguration of the power of the different states in the region It offers insightful historical perspectives for understanding national regional and global issues from the beginning of the 20th century to the present day from analysis of the traditional hegemony of the United States over Latin America through its military and political influence due to the presence of the European Union Russia and China These views cannot be reduced to a simplistic vision of the dominant and subordinate rather they attempt to seek lines of continuity by highlighting traditional interpretations of new scenarios such as regional trading and security blocs The volume refuses to impose a traditional and uncritical linear historical narrative onto the reader but instead proposes an alternative interpretation of the past and its relation to the present Finally the growing importance of international mechanisms in enabling the success of certain Latin American regimes is also highlighted in particular the influence of regional diffusion through international organizations or other networks
