Fundamentals of Corporate Finance, Google eBook Robert Parrino, David S. Kidwell, Hue Hwa Au Yong, Nigel Morkel-Kingsbury, Michael Dempsey, James Murray, 2012-02-02 *Fundamentals of Corporate Finance* helps students develop the intuition and analytical skills necessary to effectively apply financial tools in real world decision making situations. The text provides a fully integrated framework for understanding how value creation relates to all aspects of corporate finance whether it be evaluating an investment opportunity, determining the appropriate financing for a business or managing working capital. This unique and integrated framework also enables students to develop problem solving and decision making skills. The authors believe that students who understand the intuition underlying the basic concepts of finance are better able to develop the critical judgments necessary to apply financial tools in real world decision making situations. Their text develops intuitive thinking while simultaneously helping students develop problem solving and computational skills. It then shows students how to apply intuition and analytical skills to decision making while integrating it all with valuation and building shareholder value.
