When Technocultures Collide Gary Genosko, 2013-11-23 When Technocultures Collide provides rich and diverse studies of collision courses between technologically inspired subcultures and the corporate and governmental entities they seek to undermine. The adventures and exploits of computer hackers, phone phreaks, urban explorers, calculator and computer collectors, BlackBerry users, whistle blowers, Yuppies, zesters, roulette cheats, chess geeks, and a range of losers and tinkerers feature prominently in this volume. Gary Genosko analyzes these practices for their remarkable diversity and their innovation and leaps of imagination. He assesses the results of a number of operations including the Canadian stories of Mafiaboy, Jeff Chapman of Infiltration, and BlackBerry users. The author provides critical accounts of highly specialized attributes such as the prospects of deterritorialized computer mice and big toe computing, the role of electrical grid hacks in urban technopolitics, and whether info addiction and depression contribute to tactical resistance. Beyond resistance, however, the goal of this work is to find examples of technocultural autonomy in the minor and marginal cultural productions of small cultures, ethico-poetic diversions, and sustainable withdrawals with genuine therapeutic potential to surpass accumulation, debt, and competition. The dangers and joys of these struggles for autonomy are underlined in studies of RIM's BlackBerry and Julian Assange's WikiLeaks website.

Canadian Winter Driver's Handbook Edition 2 Ron and Eric Battiston, 2011-01-10 The Bible for winter driving based on millions of miles of driving on snow and ice. This handbook will greatly improve your winter driving skills and reduce your chances of death or injury. The information is clear and concise and unvarnished. The Authors are from Northern Ontario where winter driving is a requirement for survival. The first edition was published in 2009 and this is the second edition published in January 2011. It contains even more winter driving secrets and techniques. The objective of the handbook is to greatly reduce the carnage on our highways. Every day 8 Canadians are killed and 560 injured on our roads. In the USA over 40,000 are killed annually. This is the best investment any driver can make if they drive in winter conditions.
