[The Journal of Proceedings and Addresses of the National Educational Association](#) National Educational Association (U.S.), 1913 [Proceedings of the Department of Superintendence of the National Educational Association ...](#) National Education Association of the United States. Department of Superintendence, 1909 [Gifted Children](#) Leta Stetter Hollingworth, 1926 The subject that is treated in this volume has

engaged a large part of the attention not only of psychologists and educationists but also of laymen It is argued that if nature really endows some children intellectually much more generously than she does others and the data presented in this volume will convince any fair minded person that this is the case the fact is of importance to those who are interested in social advancement as well as to those teachers and parents who are striving to do the best they can for each individual committed to their care A large amount of scientific material is included in this book but it is presented in a straightforward clear interesting manner and it may be predicted that this volume will be read easily and with complete comprehension by parents teachers and laymen as well as by students of human development and of education PsycINFO Database Record c 2004 APA all rights reserved
