

Classroom Guide In Observation Participation Reflection

Fred Schultz

Classroom Guide In Observation Participation Reflection:

A Guide to Observation, Participation, and Reflection in the Classroom Arthea J. S. Reed, Verna E. Bergemann, 2005 This guide provides you with a practical resource for school based observations teaching experiences and reflection that not only will bridge the gap between the world of the student and the world of the teacher but also will help you connect the world of theory with the world of practice Includes completed and sequential sample forms of anecdotal and structured observations and template forms at the back of the text and on the CD ROM This edition covers the No Child Left Behind legislation discussion of the INTASC core standards and principles and their integration into the sample forms Expanded guidance on portfolio development including new sections on how to start a portfolio and expanded coverage of inclusion and resources for observing diversity in the classroom

Gender in the Classroom David Miller Sadker, Ellen S. Silber, 2007 What is missing from your teacher education program According to research studies one glaring omission is gender Tomorrow's teachers receive little instruction or training on the tremendous impact of gender in the classroom Just how does gender influence teaching the curriculum and the lives of teachers and students in the classroom This unique book has been designed to answer these questions *Gender in the Classroom* is intended to be used across the teacher education curriculum from subject specific methods courses to foundations from educational psychology to student teaching It can be adopted for an entire program or several instructors can adopt it jointly or a single instructor can adopt it as one of several or a supplementary text for a course A comprehensive Instructor's Manual provides information and materials for teacher educators who adopt the text Each chapter offers practical information and skills about gender and sex differences curriculum and specific teaching methods Written in a lively style the text features a number of interactive activities to engage and instruct the reader The chapters follow a common format designed to invite student interest and action Each is built around Essential Equity Questions that focus on pertinent gender related questions and issues in a specific subject area the role of women in education intersections of the teaching profession feminism and teachers as activists for social change gender differences in cognitive ability attitudes and behavior how to teach and implement Title IX how to observe classrooms to see gender bias social studies education English language arts methods science education and mathematics and technology education Interactions in each chapter engage students in activities to promote understanding Each Interaction is linked to one or more specific INTASC standards In the last chapter the emphasis is on applying many of the skills learned previously it gives student teachers and their supervisors several tools they can use for analyzing classroom teaching and detecting gender bias This chapter also includes a culminating activity for identifying and correcting curricular bias In fact many of the techniques in this text can be applied to uncover and correct not only gender bias but racial ethnic and cultural bias as well The Instructor's Manual 978 0 8058 5475 6 is now available electronically please contact our customer service department to request a copy
