A Secret Life:

The Secret Life of Pronouns James W. Pennebaker, 2011-08-30 Draws on groundbreaking research in computational linguistics to explain what language choices reveal about feelings self concept and social intelligence in a lighthearted treatise that also explores the language personalities of famous individuals

Libertines J. Michael Martinez, 2022-06-15 *Libertines* seeks to understand why public figures sometimes take extraordinary risks sully their good names humiliating their families placing themselves in legal jeopardy and potentially destroying their political careers as they seek to gratify their sexual desires From Hamilton to Trump and the many in between each case of sexual misconduct in this book shows the seamy side of political lives with calculations about covering discretions or portraying them favorably occurring only after the fact

Communist Study Derek R. Ford, 2022-01-14 In the second edition of this groundbreaking work Derek R Ford contends that radical politics needs educational theory posing a series of educational questions pertinent to revolutionary movements How can pedagogy bridge the gap between what is and what can be while respecting the gap and its uncertainty and contingency How can pedagogy accommodate ambiguity while remaining faithful to the communist project In answering these questions Ford develops a dynamic pedagogical constellation that radically opens up what education is and what it can mean for revolutionary struggle In charting this constellation Ford takes the reader on a journey that traverses disciplinary boundaries innovatively reading theorists as diverse as Lenin Agamben Marx Lyotard Althusser and Butler Demonstrating how learning underpins capitalism and democracy Ford articulates a theory of communist study as an alternative and oppositional logic that perhaps paradoxically demands the revolutionary reclamation of testing Poetic performative and provocative Communist Study is oriented toward what Ford calls the sublime feeling of being in common which as he insists is always a commonness against

Metaphor Translation in Popular Science Sui He, 2024-12-30 This book explores the intersection of metaphor studies and translation studies specifically focusing on popular scientific articles The volume complements existing work on conceptual metaphor theory in translation by aligning it with conceptual blending theory to demonstrate how an integrated approach offers a more expansive understanding of the cognitive and linguistic dimensions of metaphor translation It includes an essential introduction to the key concepts and theories in metaphor studies and metaphor translation research discerning the importance of localising theories from neighbouring disciplines such as metaphor studies for advancing interdisciplinary research in translation studies Sui He applies this approach to popular cosmological discourse analysing examples from articles in Scientific American and their Chinese translations allowing for a nuanced examination of translation strategies adopted by translators at both cognitive and linguistic levels which presents the circulation and transformation of popular cosmological knowledge from English in two Chinese mediated communities This book will be of interest to students and
