Discoverers and Explorers (Classic Reprint) Edward R. Shaw,2016-09-09 Excerpt from Discoverers and Explorers During the time the pupil is acquiring this elementary knowledge of the world as a whole certain facts of history may be interrelated with the geographical study According to the plan already suggested it will be seen that the pupil is carried out from a study of the limited area of land and water about him to an idea of the world as a sphere with its great distribution of land and water In this transference he soon comes to perceive how small a part his hitherto known world forms of the great earth sphere itself About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Discoverers and Explorers - The Original

Classic Edition Edward R. Shaw, 2011-12 A truly wonderful book One that should be used as a textbook in History in high school Easily readable it takes the reader on a voyage of far reaching proportions What is it that makes this book so pleasurable and instructive A fresh approach to the evolution of knowledge and science as experienced historically by the pioneers The exploration in retrospective of the discovery of the concept of time and the clock the compass the telescope the microscope and the evolutionary description of the knowledge that mankind acquired through these instruments and the bold steps of the pioneers that wondered around the seas the cosmos the mind etc Why is it that modern culture the different cultures and science are the way they are You will find a lot of answers about how this came to happen in this book Few indeed will be the readers who do not themselves become discoverers This book is one of the most outstanding discoveries that you ll make in your quest for knowledge You must not overlook it Discoverers, explorers and colonists Jeannette Rector Hodgdon, 1908
