Conflict Resolution Theories Dealing With Terrorism:

Conflict Resolution Theories MR Rogelio Alfonso, 2014-11-21 Since the 9 11 attacks terrorism has become a super priority and budgets have increased correspondingly However weaknesses are still perceived which show the vulnerabilities of Western intelligence organizations governments and policy makers in effectively dealing with this matter On the basis of this understanding current debates rely on the extent to which changing the approach in conflict management would help in reducing the threat of terrorism worldwide Having said this how can Structuralism Materialism and Culturalism theories be used as explanatory factors on the reduction of the increasing global threats imposed by terrorism particularly the war of Al Qaeda on the West Understanding the inner workings of terrorist networks by exploring motivations and characteristics will prove pivotal in addressing many of the problems that counterterrorism is facing in a more globalized world of threats **A**

Critical Theory of Counterterrorism Sondre Lindahl, 2018-06-27 This book offers a theory and model of counterterrorism based on emancipation and non violence Critical Terrorism Studies CTS scholars have produced wide ranging and rich critiques of terrorism related research as well as state counterterrorism policies and practices This work aims to fill in a gap in the current literature by constructing an original and specifically CTS model of counterterrorism The model outlines the basic assumptions priorities principles strategies and tactics measures and evaluation of counterterrorism It challenges prevalent models of counterterrorism through a radical rethinking of the ontology epistemology and the agenda of counterterrorism The model aims to prevent future acts of terrorism by 1 re conceptualising how we study and understand terrorism and 2 suggesting that our efforts to counter and prevent terrorism must commensurate with the goals we want to achieve Essentially this involves a commitment to emancipation and a rejection of violence as a tool The second part of the book is a case study of Norwegian counterterrorism which shows how the theory and model developed in the book can be used This is the first substantial analysis of Norwegian counterterrorism in almost ten years and produces encouraging findings which support the potential for non violent solutions to terrorism This book will be of particular interest to students of terrorism and counterterrorism critical security studies and international relations in general **Culture and**
