How does the author say it? What does the text mean? What does it mean to me? What insights can I now gain? In this resource, the authors show that insight into these questions is the key to comprehending text. The authors provide tools such as mining charts, assessments, progress monitoring charts, and rubrics to strengthen the teaching and use of strategies including guided highlighted reading for craft, finding the element of argument in text, reading multiple texts for theme, and evaluating visual text.
