such as accounting marketing and human resources By the same token it is not enough for a company simply to declare itself a sustainable business or rely on past measures and reputation sustainability is an ongoing activity and one which has to be proved by periodically disclosing sustainability reports according to international rating systems In Sustainability and Management An International Perspective K ymet al yurt and lk Y ksel bring together international authors from a variety of specialisations to discuss the development aspects problems roadmap trends and disclosure systems for sustainability in management The result is a lively insightful exposition of the field **Subject Guide to Books in Print** ,1997 **El-Hi Textbooks and Serials in Print, 1995** R R Bowker Publishing,1995-02 **Forthcoming Books** Rose Army,2004
