

Chapter I Summary

The story begins when the author is six-years-old. He draws a picture of a boa constrictor who has just swallowed an elephant. He shows his drawing to a group of adults all of whom believe it to be a drawing of a hat. The author then draws a second picture of a boa constrictor who has eaten an elephant. This time he shows the elephant, clearly, inside the boa constrictor. When he shows his second drawing to the adults they tell him to stop drawing and focus on important subjects like reading, writing and arithmetic.....

Chapter II Summary

Chapter II begins when the author, now a pilot, has an accident that lands him in the middle of the Sahara Desert. He begins to work on his plane, in hope of fixing the engine before his supply of water runs out. He sleeps on the desert sand that night and when he awakens he hears a voice saying, "if you please--draw me a sheep!" The pilot tells the prince that he cannot draw, but the little prince says that doesn't matter. So the pilot shows the prince something he has drawn before: the boa constrictor from the outside, with the elephant not showing except as a bulge. The prince immediately recognizes it for exactly what it is and the pilot is encouraged. He then draws his best sheep and gives it to.....

Chapter III Summary

The pilot attempts to find out more about the little prince. He asks questions but the boy does not answer most of them. He is clearly much more interested in his sheep and his own thoughts than in answering questions about himself. When the little prince mentions how nice it is that his sheep has a box to use for a house at night, the pilot offers to draw a rope for the prince to use to tie up the sheep. The prince is perplexed at this, having no idea why anybody would want to tie up a sheep. After a short discussion on the subject, the little prince informs the pilot there will be no need to tie up the sheep because there is no place for the sheep to wander off.....

Chapter IV Summary

The pilot discusses some of the differences in the way adults and children behave. He goes on to explain a bit more about the book he is writing and why he chose to write it. His purpose in writing the book is as much, he says, to remember the little prince as to write a book. He talks about having been discouraged from drawing when he was a child and reminds us that children understand what is important much better than adults do. He expresses his concern that he might be in.....

Chapter V Summary

This chapter provides the reader with some detail of life on the small planet inhabited by the little prince. It seems that the sheep he is so keen on acquiring is meant to eat little baobab bushes. Baobabs,
