Section One: Chapters I, II, III

1. **Who is the main character? Briefly describe him.**

The main character of 1984 is Winston Smith. Orwell vividly describes Winston as a thirty nine year old with a varicose ulcer above his right ankle. Additionally, Winston is described as someone with a smallish, frail figure, with his body being emphasized by his blue overalls. He had very fair hair and his face was naturally sanguine in color, but his skin was roughed by coarse and blunt razor blades.

2. **What is the setting of the novel? Give the country and the city.**

1984 takes place in a dystopian society where everything is controlled and is said to take place in London, the main city of Airstrip One.

3. **What are the three slogans of the Party?**

The three slogans of the Party are: War is Peace, Freedom is Slavery, and Ignorance is Strength.

4. **Name each of the Ministries and explain its function. Also include the Newspeak name for each ministry.[]**

The Ministry of Truth has the role of spreading news, education, and entertainment. In Newspeak this ministry is called Minitrue. The Ministry of Peace concerns itself with war and is called Minipax in Newspeak. Miniluv, also known as the Ministry of Love, focuses on maintaining law and order. Finally, the last ministry is the Ministry of Plenty, also known as Miniplenty in Newspeak. The Ministry of Plenty focuses on economic development and affairs.

5. **What is Victory gin? Victory cigarettes? How do these work to control the people?**

Victory gin is this alcoholic liquid that is very potent to the point that one teaspoon gets a person feeling like they have been hit in the back of the head with a rubber club. Victory gin helps control the people due to its high potency and how people easily speak their minds when intoxicated. Victory cigarettes are similar to normal cigarettes, but they are multiple times stronger. This helps keep the people under control because people get addicted to these Victory cigarettes and will do anything to have some.

6. **What are the Two Minutes of Hate? Why do they exist?**

The Two Minutes of Hate is a break in the day that shows propoganda of Goldstein, the first traitor of the Party, as the principal figure. The Two Minutes of Hate exist because it directs the people's attention towards the enemy and away from the Party. Additionally, the Two Minutes of Hate brings out strong emotions in people, and those who do not have an angry or disgusted reaction are investigated by the Thought Police.

7. **Explain the importance of Emmanuel Goldstein. Describe him.**

The importance of Emmanuel Goldstein is that he was a powerful Party figure that was said to be on par with Big Brother, but would be the first traitor of the Party and his teachings and ideology would be the reason that crimes against the Party would begin to show up. Orwell describes Goldstein as having a lean Jewish face, great fuzzy aureole of white hair and a small goatee beard, a clever face, long thin nose, and a sheeplike voice.

8. **What crime does the main character commit? How does he do this? What is the punishment?**

Winston commits thoughtcrime by writing "DOWN WITH BIG BROTHER" over and over again in his diary. The punishment that Winston faces if he is to be caught would be his one-time existence being revoked and shot in the head, or death in any matter.

9. **Who is O'Brien? What does Winston think about him?**

Rethinking the Youth Question Phil Cohen, 2016-02-06 Bringing together material written over the past two decades, this book traces a history of political and intellectual debates around central issues of education, labour, and the youth question. An argument is made for linking the cultural, structural, and autobiographical dimensions of the youth question in order to engage educationally with the burden of representation which young people are made to carry via race, class, and sexuality in the postmodern world. The book includes three major unpublished pieces and an introduction which discusses the nature of the collection and sets it in both a personal and political context.

On the Semantics of Wh-Clauses Stephen Berman, 2016-11-25 First published in 1994, this book is concerned with certain kinds of wh-clauses whose interpretations are easily and plausibly rendered by a logicosemantic analysis on which wh-phrases translate as open sentences that are expressions of the semantically interpreted representation which contain free variables. After a review of influential contemporary analyses of the semantics of questions concentrating on issues related to the truth-conditional interpretation of these constructions, the author goes on to analyse logicosemantic similarities between wh-phrases and indefinite NPs. This analysis is extended in chapter V to account for asymmetries between wh-phrases and indefinites but is preceded by the engagement and refutation of some of the challenges to it. The appendices discuss some peripheral points relating to the central points made by the author which are in need of further study.
