France After forty years of study on the subject I can with some confidence say Bill and Carol McGann's *The Story of the Tour de France* is the finest such work ever produced in the English language and perhaps in any. Most of my preferred references are in French one runs to over 800 pages yet the McGanns' opus revealed information new to me in almost every paragraph. Their research has been not only impeccable but insightful. Owen Mulholland author of *Uphill Battle and Cycling's Golden Age: The Story of the Tour de France How a Newspaper Promotion Became the Greatest Sporting Event in the World* by Bill and Carol McGann is a must read. *Road Bike Action Magazine* For any historian of the sport the McGanns' *Tour de France* history is essential reading. Details of the stages and the riders are not glossed over. For those who are new to the sport the McGanns bring the glory days of the sport alive with the intrigue that still exists today. Epic stages that might have faded into oblivion are eloquently recounted so that future generation of cyclists will know the rich history of our beautiful sport. Neil Browne editor *Road Magazine* Besides towering over all bicycle races the Tour de France endures for its unique Gaulic character like Victor Hugo's *Les Miserables*. The McGanns' passionate and insightful writing evokes the raucous cast of riders, promoters and journalists thrusting through highs and lows worthy of opera. This volume stands out as a must read book for anyone seeking to appreciate cycling's race of races. Peter Joffe Nye author of *The Six Day Bicycle Races America's Jazz Age Sport and Hearts of Lions Volume 1 of The Story of the Tour de France* concluded with Jacques Anquetil's record setting fifth Tour win. Volume 2 opens with the greatest Italian racer of the modern age Felice Gimondi and his effortless victory at the young age of 22. Despite his extraordinary talent he never won the Tour again. Starting in 1969 Eddy Merckx began his run of 5 victories. Bernard Hinault who also managed to win 5 followed him. Unable to fulfill his destiny as a likely 5 time winner because of a hunting accident LeMond won the Tour 3 times. LeMond's era was followed by the remarkable Spaniard Miguel Indurain the first man to win the Tour 5 times in a row. The late 1990s were a time of extreme crisis for the Tour as the culture of doping within the professional cycling community erupted into the scandal of 1998. *The Story of the Tour de France* deals with this episode at length. Emerging from a near fatal bout of cancer Lance Armstrong went on to do what no other rider in the Tour's long history had ever been able to accomplish win the Tour 7 times. Following Armstrong's retirement the Tour was again seized by scandal this time Floyd Landis' disqualification for drugs after winning the 2006 Tour. The book concludes with the story of the 2007 Tour followed by a quest for the greatest ever Tour de France rider and an epilogue that explains the reasons for the extraordinary success of the Tour. Bill and Carol McGann have had their lives inextricably tied up with bicycles about as long as they can remember. Their first date was a bike ride. Bill formerly a Category 1 racer has been a contributor to several cycling magazines and is widely acknowledged as an expert on road bikes and cycling history. Since his father gave him a small 1 speed English lightweight bicycle when he was 5 years old Bill has been in love with everything about bikes. Carol a former college biology instructor is also an accomplished rider having cycle toured extensively. Together they started Torelli Imports in 1981 a firm specializing in high performance cycle equipment. **Home**
