

ACCT-1001 Financial Accounting I Part I
Chapter 2 Analyzing and Recording Transactions
Module #2 – Chapter #2 Assignment 2C – 2020

True / False

1. The steps covered in the Accounting Cycle in this module were adjustments, prepare adjusted trial balance and prepare financial statements.
2. The account is a detailed record of the increases and decreases in a specific asset, liability or equity item.
3. A ledger is a group of all the accounts used by a business and is unique to each type of operation.
4. A debit is an entry to the left side of an account and a credit is an entry to the right side of an account.
5. If the accounts receivable account had \$2,800 on the debit side and \$1,200 on the credit side the balance of the account would be \$1,600 as a credit balance.
6. In double entry accounting every transaction affects at least two accounts and the sum of all debit entries and the sum of all credit entries must equal each other.
7. Asset, expense and withdrawals accounts are decreased with a credit.
8. Liability, capital and revenue accounts are increased by a debit.
9. The normal balance of an account and the rule of increase are the same while the rule of decrease is the opposite.
10. A chart of accounts lists the accounts used by the business with the account number but to find the account balance you would need to look in the ledger.
11. The General Ledger is called the book of original entry because it shows the date, names of the accounts, and debit and credit part of each transaction along with an explanation.
12. Always skip a line between each transaction recorded in a General Journal.
13. The PR column in the General Journal shows the account where the information came from and the PR column in the General Ledger shows the journal where the information was posted to.
14. A trial balance lists the accounts and their balances at a point in time and the total of the debit column should equal the total of the credit column.
15. A slide is when two digits are switched within a number like 587 instead of 578 and a transposition occurs when adding or deleting a zero in a value like 45 instead of 460.

Accounting Interview Questions with Answers - English Navneet Singh, Here are some common accounting interview questions along with detailed answers to help you prepare

- 1 Tell me about yourself and your background in accounting**
Answer I have a degree in accounting from University and I've worked in various accounting roles over the past X years My experience includes managing financial statements performing reconciliations and analysing financial data At Previous Company I was responsible for specific task or achievement where I describe the impact e.g streamlined processes improved accuracy etc I'm detail oriented and proficient in accounting software which has helped me effectively handle complex accounting tasks and contribute to the financial health of my previous employers
- 2 How do you handle tight deadlines and multiple priorities**
Answer I prioritize tasks based on their deadlines and importance I use project management tools to organize my workload and ensure that I allocate sufficient time to each task When faced with tight deadlines I break down larger tasks into smaller manageable steps and focus on completing them systematically Communication is key I keep stakeholders informed of progress and potential challenges If necessary I seek assistance or delegate tasks to ensure everything is completed on time without compromising quality
- 3 Describe a time when you identified and resolved a discrepancy in financial reports**
Answer In my previous role at Company I noticed a discrepancy between the bank statement and the company's cash ledger during a reconciliation process I investigated the issue by reviewing transactions and found that a few entries had been recorded incorrectly due to a data entry error I corrected the entries and updated the financial reports To prevent similar issues in the future I implemented additional checks and reconciliations to ensure accuracy This not only resolved the immediate discrepancy but also improved our reporting process
- 4 What accounting software are you familiar with**
Answer I'm proficient in several accounting software systems including Software Name 1 Software Name 2 and Software Name 3 For example at Previous Company I used Software Name 1 for managing financial transactions and generating reports I'm comfortable with data entry generating financial statements and using the reporting features of these tools I also adapt quickly to new software having successfully transitioned to New Software in my previous role
- 5 How do you ensure accuracy in your financial statements**
Answer To ensure accuracy in financial statements I follow a multi-step approach First I double check all data entries and reconcile accounts regularly to catch any discrepancies early I adhere to standardized accounting principles and review calculations carefully I also conduct thorough internal reviews and seek feedback from colleagues to identify any potential errors Additionally I stay updated with accounting standards and best practices to ensure compliance and accuracy
- 6 Can you explain the difference between accounts payable and accounts receivable**
Answer Accounts payable represents the company's obligations to pay off short-term debts to its creditors or suppliers It includes invoices and bills that the company needs to settle Accounts receivable on the other hand represents money that the company is owed by its customers for goods or services provided on credit It includes outstanding invoices

and the amounts due from clients In summary accounts payable is a liability while accounts receivable is an asset on the company s balance sheet 7 How do you stay current with changes in accounting regulations and standards Answer I stay current with changes in accounting regulations and standards by regularly reading industry publications attending webinars and professional development courses and participating in relevant accounting organizations I also follow updates from standard setting bodies such as the Financial Accounting Standards Board FASB and International Financial Reporting Standards IFRS This ensures that I m aware of any changes and can apply them to my work to maintain compliance 8 Describe your experience with financial forecasting and budgeting Answer In my previous role I was involved in the budgeting and forecasting process which included creating annual budgets and financial forecasts based on historical data and projected trends I worked closely with various departments to gather input and ensure that budget assumptions were accurate I also monitored actual performance against the budget and prepared variance reports to identify any discrepancies This experience helped me develop strong analytical skills and an understanding of how to use financial data to make informed business decisions 9 How do you handle confidential information Answer I handle confidential information with the utmost care and adhere to strict confidentiality protocols This includes using secure systems for storing and transmitting sensitive data restricting access to authorized personnel only and following company policies regarding data protection I also ensure that any physical documents containing confidential information are properly secured or shredded when no longer needed Maintaining confidentiality is crucial to protecting the company s financial integrity and trust 10 Why do you want to work for our company Answer I m impressed by Company s reputation for specific aspect e g innovation corporate culture growth opportunities and I believe that my skills and experience align well with the requirements of this role I m particularly excited about specific project initiative or value that Company is involved in because explain how it matches your interests or career goals I m eager to contribute to Company s success and grow professionally within such a dynamic and forward thinking organization

Key Points to Highlight Experience and background in accounting Approach to handling deadlines and managing priorities Experience with identifying and resolving discrepancies Familiarity with accounting software and adaptability Strategies for ensuring accuracy in financial statements Understanding of key accounting concepts like accounts payable and receivable Methods for staying updated with accounting regulations Experience with forecasting and budgeting Approach to handling confidential information Alignment with the company s values and goals Preparing with these answers and tailoring them to your experiences will help you showcase your skills and fit for the role in your accounting interview
