Explain in your own words how medical words are constructed.

*Start with a root, which conveys the central meaning, then add a prefix or suffix or both to give further meaning to the root word. A combining form allows linking of multiple terms together for even greater detail of meaning.*

Why is correct spelling so important in medical terminology?

*The spelling describes many aspects of the meaning of the word. Incorrect spelling could give a completely different meaning to the term.*

What languages are the origins for our English medical terms? Which language describes most of the terms for the body's organs? Which language describes diseases that affect these organs?
