   World History: Patterns of Interaction McDougal-Littell Publishing Staff,2004-03   **Dear Senator Smith** Eric R. Crouse,2008-01-01 Dear Senator Smith presents compelling war views of ordinary people living in small centers The only female senator of those years Smith appeared to encourage a high level of honest heart felt commentary from Americans letters sent to her concerning America s involvement in the Vietnam War reveal the contested terrain of foreign policy ideas in a turbulent era of rebellion and reaction   **Cultural Foundations of Learning** Jin Li,2012-03-26 Western and East Asian people hold fundamentally different beliefs about learning that influence how they approach child rearing and education Reviewing decades of research Dr Jin Li presents an important conceptual distinction between the Western mind model and the East Asian virtue model of learning The former aims to cultivate the mind to understand the world whereas the latter prioritizes the self to be perfected morally and socially Tracing the cultural origins of the two large intellectual traditions Li details how each model manifests itself in the psychology of the learning process learning affect regard of one s learning peers expression of what one knows and parents guiding efforts Despite today s accelerated cultural exchange these learning models do not diminish but endure   **Bracketed Belonging** Kelvin E. Y. Low,2025-07-15 Bracketed Belonging addresses how nations and their governance of security determine social constellations and shape socio political and legal assertions of belonging and allegiance Kelvin E Y Low examines the contours and limits of belonging that underlie the complex social contract between mobile migrants and nations in the context of a global military security market He explores these core themes through the case of Nepali Gurkhas and their families as military and paramilitary migrants Recruited to serve in the military or police force Gurkhas are trained in jungle warfare skills that other police groups do not possess There is thus the professional link to military training and the formation of a unique paramilitary police force with the backdrop of colonialism In these contexts this book offers fresh perspectives on studying global security migration and diasporic lives It sets a new agenda by analytically bridging empire military and security maneuvers and migratory pathways and options In doing so Bracketed Belonging serves as a novel contribution to current scholarship on migration and transnationalism and on police and security studies   **The Party and the People** Bruce J. Dickson,2021-05-25 How the Chinese Communist Party maintains its power by both repressing and responding to its people Since 1949 the Chinese Communist Party CCP has maintained unrivaled control over the country persisting even in the face of economic calamity widespread social upheaval and violence against its own people Yet the party does not sustain dominance through repressive tactics alone it pairs this with surprising responsiveness to the public The Party and the People explores how this paradox has helped the CCP endure for decades and how this balance has shifted increasingly toward repression under the rule of President Xi Jinping Delving into the tenuous binary of repression and responsivity Bruce Dickson illuminates numerous questions surrounding the CCP s rule How does it choose leaders and create policies When does it allow protests Will China become democratic Dickson

shows that the party s dual approach lies at the core of its practices repression when dealing with existential political threats or challenges to its authority and responsiveness when confronting localized economic or social unrest The state answers favorably to the demands of protesters on certain issues such as local environmental hazards and healthcare but deals harshly with others such as protests in Tibet Xinjiang or Hong Kong With the CCP s greater reliance on suppression since Xi Jinping s rise to power in 2012 Dickson considers the ways that this tipping of the scales will influence China s future Bringing together a vast body of sources The Party and the People sheds new light on how the relationship between the Chinese state and its citizens shapes governance   **The New York Times Index** ,1926   **Historical Abstracts** Eric H. Boehm,1998   *Economic Development and the Use of Energy Resources in Communist China* Yuan-li Wu,1963
