In the foreground, a dark, gravelly path or road leads towards the horizon. To the right, a steep, rocky hillside rises. The overall mood is contemplative and serene.

**Choosing Faith** John W. Saultz,2019-05-16 A belief is a judgment that we assume to be true when making life decisions Our beliefs cannot conclusively be proven true or false Beliefs can be as simple as our preference for food or as profound as our religious beliefs How are beliefs different from knowledge or opinion How do beliefs develop and change over time and how do they become the foundation of our purpose in life This book is divided into three sections The first explains how beliefs are formed in childhood and modified and adapted when we become adults The second section explores different types of belief and introduces the notion of moral beliefs about right and wrong and religious beliefs about the existence and nature of God The final section of the book explains how beliefs are prioritized into a faith that becomes our framework for making life decisions The beliefs we hold most dear form the building blocks of our purpose in life We have the freedom to choose our beliefs so we have the freedom to choose our purpose The goal of this book is to help the reader think deeply about this process and explore the meaning of this freedom *Life Examined* Timothy J.

Murray,2022-02-17 How many of us take the time to try to make sense of our lives Or are we just so busy getting on with it we are in danger of missing what life is all about In this book Tim Murray argues that we all seek a reasonable faith an understanding of the world that can make sense of our experience as human beings In a series of short chapters he explores key aspects of our humanity and some of the big questions of life suggesting both that the Christian worldview provides the most plausible explanation of why life is meaningful and that the way of Jesus is the most reliable path to a meaningful life
