

America's Second War for Independence – The War of 1812 DBQ

US History/Napp

Name: _____

Historical Context:

“John Adam’s successor Thomas Jefferson (elected in 1800) also faced international crises during his presidency. Pirate ships off the coast of North Africa had attacked American vessels, and Jefferson refused their increased demands for tribute. He sent a small fleet to blockade the Barbary States in North Africa and eventually won a peace settlement that protected American shipping.

Unfortunately, Jefferson’s attempts to protect Americans’ rights to trade with Europe as a neutral country were not as successful. Both France and England were seizing American ships to prevent supplies from reaching the European ports. When England fired upon the American warship *Chesapeake*, killing and injuring 21 people, Americans demanded a declaration of war. Instead, Jefferson persuaded Congress to pass the Embargo Act of 1807, which forbade American ships from leaving and foreign ships from entering any U.S. port. The act had disastrous results for the American economy and was repealed three days before Jefferson left office. Jefferson’s hand-picked successor, James Madison, easily won the election of 1808. Madison had no better luck in stopping the attacks against American shipping. More Republicans began to call for war. The western farmers wanted war because they still blamed Britain for their problems with some American Indian tribes, who continued to block their westward expansion.

The ‘War Hawks,’ as Congressman Henry Clay of Kentucky, Congressman John Calhoun of South Carolina, and their supporters were called, cited the British-Indian alliances as cause for war. However, those New Englanders who had been hurt by the seizure of American ships were against the war. They knew that in the long run the economic success of New England was closely tied to good relations with Great Britain. New Englanders suspected that those calling for war were really more interested in expanding United States territory by conquering Canada than they were in protecting American freedom of the seas. Eventually the War Hawks won out, and war was declared on June 18, 1812.

After two years of fighting it was not clear which side was winning. The British had managed to burn some public buildings in Washington, D.C. The Americans had successfully resisted the British shelling of Fort M’Henry – the battle that inspired Francis Scott Key to write the Star Spangled Banner.

By the end of 1814, both sides were weary of a war that seemed to be going nowhere. British and American representatives agreed to hold peace talks in Belgium. On Christmas Eve, 1814, the Treaty of Ghent ended the fighting, but it did not resolve the issues that had led to war. It did not address the British violation of neutral rights on the high seas and the impressment of American seamen. The treaty simply provided for the return of all occupied territory, restoring the prewar boundaries between Canada and the United States. A joint commission was later to settle disputed land claims.”

Department of Public Instruction,1918 **Tennesseans at War, 1812-1815** Tom Kanon,2014-06-14 **Tennesseans at War 1812 1815** by Tom Kanon tells the often forgotten story of the central role citizens and soldiers from Tennessee played in the Creek War in Alabama and War of 1812 Although frequently discussed as separate military conflicts the War of 1812 against Great Britain and the Creek War against Native Americans in the territory that would become Alabama were part of the same forceful projection of growing American power Success in both wars won for America security against attack from abroad and vast tracks of new land in the Old Southwest In **Tennesseans at War 1812 1815** Tom Kanon explains the role Tennesseans played in these changes and how they remade the south Because it was a landlocked frontier state Tennessee s economy and security depended heavily upon the river systems that traversed the region some like the Tennessee River flowed south out of the state and into Native American lands Tennesseans of the period perceived that gaining mastery of these waterways

formed an urgent part of their economic survival and stability The culmination of fifteen years research Kanon s work draws on state archives primary sources and eyewitness accounts bringing the information in these materials together for first time Not only does he narrate the military campaigns at the heart of the young nation s expansion but he also deftly recalls the economic and social pressures and opportunities that encouraged large numbers of Tennesseans to leave home and fight He expertly weaves these themes into a cohesive narrative that culminates in the vivid military victories of the War of 1812 the Creek War and the legendary Battle of New Orleans the victory that catapulted Tennessee s citizen soldier Andrew Jackson to the presidency Expounding on the social roles and conditions of women slaves minorities and Native Americans in Tennessee Kanon also brings into focus the key idea of the home front in the minds of Tennesseans doing battle in Alabama and beyond Kanon shows how the goal of creating strengthening and maintaining an ordered society permeated the choices and actions of the American elites on the frontiers of the young nation Much more than a history of Tennesseans or the battles they fought in Alabama Tennesseans at War 1812 1815 is the gripping story of a pivotal turning point in the history of the young American republic
