

Chapter 20

Miscellaneous and extracurricularSchool for Deaf Children

In July 1959, There was a certain Surgeon Commander Roberts on the Admiral's staff, whose wife was also a Physician, and initiated the idea of founding a school for children of pre-school age who had been deaf from birth. She approached the Command, through the Chief of Staff, Commodore Landymore at the time, for funding. The ships of the Command raised enough to get the school: started, but then arose the problem of annual funding. Admiral Landymore, now, of course, retired, reminds me that the submariners decided to "adopt" the school, which consisted of only a handful of children, and soon raised enough to keep the school running and had the children on board various boats for parties and other fun, and the children became very attached to the sailors. I have not been able to find any trace of the school, or of the Roberts, husband or wife.

Slops from the UK.

The Spare crew Coxswain ran a small slop room, and we used to get a certain amount of "slops" from the UK, but the Victualling Yard persisted in printing the contents and sizes on the outside of the cardboard cartons, with the predictable result that desirable contents, I remember particularly, that Pussers black leather shoes were pilfered at the docks, on a regular basis. I wrote to "The Admiralty" time and again, with written support from Canflaglant, asking that the Victualling yard refrain from listing desirable goods on the Outside of packages, but to no avail, and the stealing continued.
