El-Sayed, 2022-04-27 *Foreign Object Debris and Damage in Aviation* discusses both biological and non-biological Foreign Object Debris (FOD) and associated Foreign Object Damage (FOD) in aviation. The book provides a comprehensive treatment of the wide spectrum of FOD with numerous cost management and wildlife considerations. Management control for the debris begins at the aircraft design phase, and the book includes numerical analyses for estimating damage caused by strikes. The book explores aircraft operation in adverse weather conditions and inanimate FOD management programs for airports, airlines, airframe, and engine manufacturers. It focuses on the sources of FOD, the categories of damage caused by FOD, and both the direct and indirect costs caused by FOD. In addition, the book provides management plans for wildlife, including positive and passive methods. The book will interest aviation industry personnel, aircraft transport and ground operators, aircraft pilots, and aerospace or aviation engineers. Readers will learn to manage FOD to guarantee air traffic safety with minimum costs to airlines and airports. **Plane Truth** Rose Bridger, 2013-10-09 As aviation is celebrated as one of the

world's fastest growing industries with passenger numbers and cargo volumes projected to double in the next 20 years. Plane Truth sounds a note of caution. In addition to the environmental impact of airport expansion devouring farmland and wildlife habitats and aviation's impact of noise and air pollution on communities, Rose Bridger reveals the extraordinary government subsidies for the aviation industry encompassing government expenditure on infrastructure to tax breaks, all of which serve to support the industry in the face of rising oil prices and global economic downturn. Disavowing greenwashing claims of fuel efficient aircraft and alternative fuels that will enable growth without climate change from British Airways to American Airlines, the symbiotic relationship between aviation and the wider socio-economic problems facing humanity is manifest.
