Viswanathan,2024-04-30 The wonder of my adoption never ceases to amaze me and so I feel like I need to hear the story of my journey over and over again When I turn the pages of my narrative I can envisage how two strangers took a chance on me and became my heroes by adopting me I am also blessed to be engulfed in the warmth of an amazing network of extended family By putting my thoughts down in this narrative I am able to revisit and visualise this incredible journey It will also help

me reflect on it whenever I want and to recall how I overcame my difficulties along the way I am sure this book will assist other kids who may be in a similar mindset and also will be beneficial to potential adoptive parents
