Fierce Vulnerability Kazu Haga,2025-03-25 Mobilizing the Power to Stop Harm Cultivating the Love to Heal In times of collapse we need a movement that recognizes injustice as a reflection of collective trauma and embraces its role as a catalyst for collective healing through transformative action We are living in a world where the depths of division violence and destruction can no longer be ignored From political polarization leading to the erosion of the democratic process to the climate crisis continuing to perpetuate racial inequity we need changes that heal harms at the personal and systemic levels

Escalated forms of harm require an equally escalated response Yet social movements often use tactics that have a tendency to escalate an us vs them right vs wrong worldview not conducive to healing In Fierce Vulnerability activist and author Kazu Haga argues this binary worldview is at the heart of what is destroying our relationships and our planet and offers a new way to create healing by combining the time honored lineage of nonviolent action with the sciences of trauma healing and the promises of spiritual practice Fierce Vulnerability realizes we can t shut down injustice any more than we can shut down trauma if healing is our goal we need social movements that center relationships and promote healing
