Below is a paragraph that is full of errors. There may be spelling, punctuation, capitalization, or grammar errors. Rewrite the paragraph correcting all the errors.

The pursuit of independence in the later half of the 19th century in the American colonies developed slowly. As punitive and onerous laws were imposed by the British crown and parliament, resentment grew among the American colonists. In 1774 the colonists established a separate shadow government and began training troops near Boston Massachusetts. After military conflicts in 1875 at Lexington and Concord, and at the battle of Bunker Hill, the independence movement gained momentum. George Washington named Commander of the Continental Army in March, 1776 and representative of each colony met in Philadelphia in June, 1776 to draft the historical Declaration of Independence.
