**Studies in the Book of Exodus** Marc Vervenne, 1996 **Day in Mamre, Night in Sodom** Letellier, 2021-11-15 Recent developments in Pentateuchal studies from both diachronic historical and synchronic literary textual perspectives have made it possible to read Genesis 18 and 19 the evocative story of Abraham and Lot in a new light This work uses both types of approach to examine the text 1 considered in its own terms its structural and linguistic features in a detailed close reading of each verse and 2 considered in terms of its symbolism and imagery in relation to those found in comparable cultures of the ancient Middle East The end product is an integrated reading of the Abraham and Lot story as a sustained literary unit and the reading process demonstrates the value of a range of exegetical methods structuralist linguistic literary historical and anthropological in the continuing exploration of this well known biblical narrative **Speaking of Speaking** Samuel Meier, 2014-09-03 Direct speech appears on nearly every page of the Hebrew Bible and the large number of publications on direct discourse in the Bible highlights the importance of the subject for biblical studies However thus far only isolated aspects of the various problems that direct discourse presents have received attention Studies of individual verbs introducing direct discourse such as answer speak say and others are necessarily atomistic even though appropriate in their own right Other markers of direct discourse such as Thus said Yahweh or oracle of Yahweh tend to be treated as theological constructs

isolated from the larger issues of direct discourse marking in general Speaking of Speaking aims to enrich the reading of the biblical text by offering a coordinated analysis of all such markers not only in order to consolidate a considerable body of work that is often overlooked by scholars but also to move further toward a synthesis that can permit informed generalizations not possible at the present time The comprehensive index facilitates the use of this book as a valuable reference tool The exegetical literary and theological findings of this book will be of great significance for all levels of research in biblical studies

**A Dictionary of Biblical Interpretation** R. J. Coggins,James Leslie Houlden,1990 This dictionary is not so much about the contents of the Bible as it is about the way in which the Bible has been interpreted in the past and how it is interpreted today The articles written by a distinguished team of biblical scholars cover a wide range of related topics

*1 and 2 Chronicles, Volume 2* William Johnstone,1997 This two part commentary argues that Chronicles placed as it is among the historical books in the traditional Old Testament of the Christian church is much misunderstood Restored to its proper position as the final book in the canon as arranged in the order of the Hebrew Bible it is rather to be understood as a work of theology essentially directed towards the future The Chronicler begins his work with the problem facing the whole human race in Adam the forfeiture of the ideal of perfect oneness with God s purpose He explores the possibility of the restoration of that ideal through Israel s place at the centre of the world of the nations This portrayal reaches its climax in an idealized presentation of the reign of Solomon in which all the rulers of the earth including most famously the Queen of Sheba bring their tribute in acknowledgment of Israel s status Volume 1 As subsequent history only too clearly shows however the Chronicler argues Volume 2 that Israel itself through unfaithfulness to Torah has forfeited its right to possession of its land and is cast adrift among these same nations of the world But the Chronicler s message is one of hope By a radical transformation of the chronology of Israel s past into theological terms the generation whom the Chronicler addresses becomes the fiftieth since Adam It is the generation to whom the jubilee of return to the land through a perfectly enabled obedience to Torah and thus the restoration of the primal ideal of the human race is announced
