There is always a demand for dog grooming in almost every country in the world. It is possible to be self-employed and work from home if you have the facilities to be a mobile service or to have premises in which to work. You can be paid for doing something you enjoy, but like any business, there are guidelines to which you must adhere. It does take time to learn about the different types and breeds of dog and what sort of clipping is required. There is a wide range of equipment available and a wide range of stripping and clipping styles to learn. It may be that the best way forward is to attend a course, and there are many available, but they are often very expensive. Sometimes day courses on particular breeds are a better option, and nowadays there are a huge number of videos on the internet if it is one particular type of clipping that you need to research.
