The Perils of Extremism Jason Van Tatenhove, 2023-02-21 An explosive behind the scenes look at the Oath Keepers what makes them tick who they are and what they REALLY stand for The Oath Keepers first made a name for themselves with the infamous Bundy Ranch standoff in 2014 They have continued through to the US Capitol insurrection in early 2021 The Oath Keepers including many former military members have become one of the largest anti government extremist groups in the United States labeled one of the most dangerous domestic terror threats by the FBI There have been countless articles and a few books written about the group but nothing like this Author Jason Van Tatenhove knows them from the inside The Perils of Extremism is a first hand account of the aging punk rock journalist from Colorado as he was embedded with Stewart Rhodes and that most infamous militia the Oath Keepers as well as details from his time testifying to the United States House Select Committee on the January 6 Attack both in person live on TV on July 12 2022 and during three and a half hours of taped deposition in March 2022 Jason takes the readers along on a journey that started with the Bundy Ranch Stand off and continued with two more armed standoffs in Oregon and Montana Jason was then offered a job as the national media director and associate editor for the Oath Keepers He moved his family up to the Eureka Montana area to start his job where he found himself in a who s who of right wing extremism Jason even struck up a friendship with Stewart Rhodes when Stewart lived in Jason s basement for several months Stewart confided in him about his actual beliefs and about how much of what he says publicly is to sell more memberships Jason ultimately broke ties with the ever radicalizing anti government militia group when they begin to embrace the ideology of American Nazis and began associating with the spokesperson for the Alt Right Richard Spencer From there Jason began speaking out against the dangers of the extremist militia and tried to make amends in his life for being a part of something that led in part to the January 6 insurrection Readers will also journey with Jason as he begins to be featured in documentaries feature articles and national news coverage as he speaks out against violent extremism As mentioned this book will also include his experiences testifying to congressional investigators U.S. Department of Labor Report United States.
