which they contribute to coach learning or not These discussions typically reference the learning environment nature of the curriculum and report coaches experiences However lacking in these discussions is any deliberation over coach assessment as a consistent feature of nearly all of these programmes the world over This book reflects a very deliberate attempt to platform and promote the issue of coach assessment This book is designed to offer support and guidance to sport coaches who are engaged in assessment coach educators developers who are delivering assessment activities and programme designers policy architects who are creating learning opportunities for coaches
