Hispanic Students in the United States Richard A. Figueroa, 2000 *Minority Languages and Multilingual Education* Durk Gorter, Victoria Zenotz, Jasone Cenoz, 2013-11-04 This book presents research on the situation minority language schoolchildren face when they need to learn languages of international communication in particular English The book takes minority languages as a starting point and it bridges local and global perspectives in the analysis of multilingual education contexts It examines the interaction of minority languages and cultures majority languages and lingua franca s in a variety of settings across different regions and countries on all continents Even though all chapters in this book involve minority languages the issues discussed are relevant to any context in which more than language is used in education The book reveals challenges and opportunities of multilingual education by discussing issues such as Northern and Southern concepts language education policies language diversity interethnic understanding multimodal language practices power conflict identity and prestige among many others This is the volume that finally accounts for multilingual education from a truly multilingual perspective by involving proposals and research from a variety of multilingual speech communities in the world The linguistically rich Ethiopia and Mexico can teach the poor Europe and other Northern countries about multilingual education CLIL promoters may learn from Finnish S mi and Canadian Innu and Mi gmaq indigenous communities as well as

from Basque results Speakers and teachers of minority and international languages will certainly be glad to hear the news There is no need for a monolingual bias or tunnel vision in acquiring English in non English speaking communities This volume includes new challenging pedagogical perspectives while pointing to interesting conclusions for worldwide educational authorities Maria Pilar Safont Jord Universitat Jaume I Castell Spain *Contemporary Intellectual Assessment* Dawn P. Flanagan, Erin M. McDonough, 2022-12-05 In one volume this authoritative reference presents a current comprehensive overview of intellectual and cognitive assessment with a focus on practical applications Leaders in the field describe major theories of intelligence and provide the knowledge needed to use the latest measures of cognitive abilities with individuals of all ages from toddlers to adults Evidence based approaches to test interpretation and their relevance for intervention are described The book addresses critical issues in assessing particular populations including culturally and linguistically diverse students gifted students and those with learning difficulties and disabilities in today s educational settings

Bilingualism and Testing Guadalupe Valdés, Richard A. Figueroa, 1994 This book is directly concerned with the reasons underlying bilingual children s poor performance on standardized tests It is the authors contention that without an understanding of the nature of bilingualism itself the problems encountered by bilingual individuals on such tests will continue The volume s primary purpose is to contribute to the development of a research knowledge and theoretical base which can support the testing of bilingual individuals By reviewing and discussing both the

nature of bilingualism and the nature of standardized testing and by presenting a detailed agenda of the questions that must be answered the authors hope to influence existing and future policies which govern the use of tests and test results This area is of increasing importance to American education and the policy implications are evident

The Handbook of Linguistic Human Rights Tove Skutnabb-Kangas, Robert Phillipson, 2022-11-14 A groundbreaking new work that sheds light on case studies of linguistic human rights around the world raising much needed awareness of the struggles of many peoples and communities The first book of its kind the Handbook of Linguistic Human Rights presents a diverse range of theoretically grounded studies of linguistic human rights exemplifying what linguistic justice is and how it might be achieved Through explorations of ways in which linguistic human rights are understood in both national and international contexts this innovative volume demonstrates how linguistic human rights are supported or violated on all continents with a particular focus on the marginalized languages of minorities and Indigenous peoples in industrialized countries and the Global South Organized into five parts this volume first presents approaches to linguistic human rights in international and national law political theory sociology economics history education and critical theory Subsequent sections address how international standards are promoted or impeded and cross cutting issues including translation and interpreting endangered languages and the internet the impact of global English language testing disaster situations historical amnesia and more This essential reference work Explores approaches to linguistic human rights LHRs in all key scholarly disciplines Assesses the strengths and weaknesses of international law Covenants and Declarations that recognize the LHRs of Indigenous peoples minorities and other minoritized groups Presents evidence of how LHRs are being violated on all continents and evidence of successful struggles for achieving linguistic human rights and linguistic justice Stresses the importance of the mother tongues of Indigenous peoples and minorities being the main teaching learning languages for cultural identity success in education and social integration Includes a selection of short texts that present additional existential evidence of LHRs Edited by two renowned leaders in the field the Handbook of Linguistic Human Rights is an ideal resource for undergraduate and graduate students of language and law sociolinguistics applied linguistics language policy language education indigenous studies language rights human rights and globalization
