Transforming Harry The Adaptation of Harry Potter in the Transmedia Age is an edited volume of eight essays that look at how the cinematic versions of the seven Harry Potter novels represent an unprecedented cultural event in the history of cinematic adaptation The movie version of the first Harry Potter book Harry Potter and the Sorcerer's Stone premiered in 2001 in between publication of the fourth and fifth books of this global literary phenomenon As a result the production and reception of both novel and movie series became intertwined with one another creating a fanbase who accessed the series first through the books first through the movies and in various other combinations John Alberti and P Andrew Miller have gathered scholars to explore and examine the cultural political aesthetic and pedagogical dimensions of this pop culture phenomenon and how it has changed the reception of both the films and books Divided into two sections the volume addresses both the fidelity of adaptation and the transmedia adaptations that have evolved around the creation of the books and movies In her essay Vera Cuntz Leng draws on feminist film theory to explore the gaze politics and male objectification operating in the Harry Potter movies Cassandra Bausman contends that screenwriter Steve Kloves revision of the end of the film version of Deathly Hallows Part II offers a more politically and ethically satisfying conclusion to the Harry Potter saga than the ending of the Rowling novel Michelle Markey Butler's Harry Potter and the Surprising Venue of Literary Critiques argues that the fan generated memes work as a kind of popular literary analysis in three particular areas the roles of female characters the comparative analysis of books and films and the comparative analysis of the Harry Potter series with other works of fantasy While the primary focus of the collection is an academic audience it will appeal to a broad range of readers Within the academic community Transforming Harry will be of interest to scholars and teachers in a number of disciplines including film and media studies and English Beyond the classroom the Harry Potter series clearly enjoys a large and devoted global fan community and this collection will be of interest to serious fans

The Literature of Hope in the Middle Ages and Today Flo Keyes, 2006-03-31 The influence of medieval literature is instantly apparent in modern fantasy literature where knights and wizards populate castle strewn landscapes Less obvious but still recognizable is the influence in science fiction which draws on medieval story structure and themes Beyond these superficial similarities deeper connections become evident through an analysis of the literature's social function Like the fantasy and science fiction of today the romances of the Middle Ages were written in times of extreme and prolonged social upheaval In all three genres the storytellers draw on the same archetypes the hero the quest the transformation for stories whose goal is to provide hope Using Jungian theory and comparative analysis this book explores the connections between the three genres It finds common ground among them in plots that often reflect the recurring cycle of life and the elements of psychological rather than literal realism Representative texts such as
