to define as accurately as possible the nature and severity of the problems facing a child but the child's predicament and how to solve or alleviate it remains the key issue. A full team assessment which does not lead to any practical help for the child and his family is merely an academic exercise and a disgrace to the many different professions involved. **Keyboard Arts**, 1982 **Monotype**, 1913 **The Railroad Telegrapher**, 1916 *Computers and the Americans with Disabilities Act* John Ash McCormick, 1993.
