Bihar and Mithila J. Albert Rorabacher,2016-09-13 The world has become obsessed with the Western notions of progress development and globalization the latter a form of human and economic homogenization These processes through the aegis of the United Nations are comparatively monitored Those nations deemed to be lagging behind are then provided with foreign aid and developmental assistance For nearly seventy years India has sought its place in this global endeavour yet even today abject poverty and backwardness can be observed in districts in almost every state with the highest concentration of such districts found in the state of Bihar and a cultural enclave known as Mithila Development in India has been elusive because it is difficult to define and because the Western concepts of development and progress have no absolute equivalents within many non Western settings As a consequence development programmes often fail because they are unable to ask the right questions but equally important is the political economy derived from foreign aid For politicians there is no long term benefit to be derived from successful development In general foreign aid only serves to corrupt governments and politicians and in the end does very little for those who need help The struggling states of Bihar and Mithila serve as extreme examples of India s problems Development here has been thwarted by a hereditary landed aristocracy supported by religion casteism custom social stratification tradition and patterns of behaviour that can be traced back millennia In turn all these have been masterfully manipulated by co opted politicians who have turned politics into a veritable art form as this volume comprehensively demonstrates **Current Consumer Cases** ,2017 Annual Report India. Ministry of Road Transport & Highways,2013 World Agricultural Economics and Rural Sociology Abstracts ,1988 Annual Report India. Ministry of Power,2015 Annual Report India. Denial and Deprivation Abdur Rahman,2019-02-18 The volume attempts to gauge and analyse the level of denial and

deprivation faced by Indian Muslims by evaluating their status after a gap of several years of Sachar Committee 2006 and Rangnath Mishra Commission 2007 Reports It presents and discusses the current conditions with respect to outcome indicators such as population education economy poverty unemployment consumption level availability of bank loans infrastructure and civic facilities and representation in government employment By placing facts in perspective it also discusses community specific issues such as use of Urdu madrasa education and Waqf In the post Sachar era governments started many schemes to improve the condition of Muslims whose reach and impact is assessed with the help of latest data It presents the social structure of Muslims presence of OBCs and Dalits and suggests a practical pattern for reservation It follows up the process of implementation of recommendations of these reports and highlights how the governments adopted tokenism attempted to implement minor recommendations and shied away from major ones The volume highlights the lopsided attitude of the previous UPA govern ments hostile attitude of the present NDA regime and accelerated marginalization of Muslims in today s scenario due to open discrimination mob violence lynching and hate crimes in the name of various communal issues Please note Taylor Francis does not sell or distribute the Hardback in India Pakistan Nepal Bhutan Bangladesh and Sri Lanka
