

# CHOOSE YOUR WEAPON

It's a battle out there. Hours preparing the equipment. The constant pressure to be in shape. The change into the best team and the challenge of wills to grab the best line. Probing the competition's weak spots. And the torture of operating at your physical peak for laps after lap after lap.

No one ever said it was going to be easy. But there are things you can do to stack the deck in your favor. Like ride a 1993 Kawasaki KX motorcycle.

Because the best suspended bikes of 1993 are even better this year. The KX66, KX80 and KX90 Big Wheel are back, specially built to govern the future state of the sport. The KX125 and KX250 are radically updated to deliver better performance at every track, and the mighty KX500 is back with improvements that make the experience more manageable.

Even though our bikes are better than ever, you're still only as good as the effort you put in and the support you receive. So, with Kawasaki's Team Green® program, you can get help with tuning suggestions and the right setup for your bike. It's like having your own racing team.

So when it comes time for battle, talk with your Kawasaki dealer. Because he's got just the weapon you need.

It won't even be a fair fight.

Because that's what suspension features adjustable preload, compression and rebound damping to help you get ahead in it any track.

The new KX250 is remarkably smooth around the most vicious of you can easily maneuver around during aerial stunts.

The new shock will save your joints when you have to make it to the rear wheel's advanced suspension for a better balance of the two working together for the job ahead.

The new shock absorber is an improvement on the best in the business.
