## Of Five Rings Fanfiction:

Fic Anne Jamison, 2013-11-26 What is fanfiction and what is it not Why does fanfiction matter And what makes it so important to the future of literature Fic is a groundbreaking exploration of the history and culture of fan writing and what it means for the way we think about reading writing and authorship It s a story about literature community and technology about what stories are being told who s telling them how and why With provocative discussions from both professional and fan writers on subjects from Star Trek to The X Files and Buffy the Vampire Slayer to Harry Potter Twilight and beyond Fic sheds light on the widely misunderstood world s of fanfiction not only how fanfiction is transforming the literary landscape but how it already has Fic features a foreword by Lev Grossman author of The Magicians and interviews with Jonathan Lethem Doug Wright Eurydice Vivean Dean and Katie Forsythe wordstrings Cyndy Aleo algonquinrt d0tpark3r V Arrow aimmyarrowshigh Tish Beaty his\_tweet Brad Bell Amber Benson Peter Berg Homfrog Kristina Busse Rachel Caine Francesca Coppa Randi Flanagan BellaFlan Jolie Fontenot Wendy C Fries Atlin Merrick Ron Hogan Bethan Jones Christina Lauren Christina Hobbs tby789 and Lauren Billings LolaShoes Jacqueline Lichtenberg Rukmini Pande and Samira Nadkarni Chris Rankin Tiffany Reisz Andrew Shaffer Andy Sawyer Heidi Tandy Heidi8 Darren Wershler Jules Wilkinson missyjack Jen Zern NautiBitz *Canon Fanfiction* Christine Schott, 2023-01-30 Several scholarly fields investigate the reuse of source texts most relevantly adaptation studies and fanfiction studies The limitation of these two fields is that adaptation studies focuses narrowly on retelling usually in the form of film adaptations but is not as well equipped to treat other uses of source material like prequels sequels and spinoffs On the other hand fanfiction studies has the broad reach adaptation studies lacks but is generally interested in underground production rather than material that goes through the official publication process and thus enters the literary canon This book sits in the gap between these fields discussing published novels and their contribution to the scholarly engagement with their pre and early modern source material as well as applying that creative framework to the teaching of literature in the college classroom Fanfiction and the Author Judith Fathallah, 2025-10-01 The production reception and discussion of fanfiction is a major aspect of contemporary global media Thus far however the genre has been subject to relatively little rigorous qualitative or quantitative study a problem that Judith M Fathallah remedies here through close analysis of fanfiction related to Sherlock Supernatural and Game of Thrones Her large scale study of the sites reception and fan rejections of fanfic demonstrate how the genre works to legitimate itself through traditional notions of authorship even as it deconstructs the author figure and contests traditional discourses of authority Through a process she identifies as the legitimation paradox Fathallah demonstrates how fanfic hooks into and modifies the discourse of authority and so opens new spaces for writing that challenges the authority of media professionals Teen Fandom and Geek Programming Carrie Rogers, 2018-06-15 Fandom and geek programming has exploded in libraries in recent years From anime themed library lock in events cosplay contests and video game tournaments to an annual Harry

Potter Yule Ball libraries have embraced their inner geek and are hosting a wide variety of fandom programs For those librarians who have no idea about the importance of Doctor Who or the Star Trek vs Star Wars debate planning for such programming can seem daunting Teen Fandom and Geek Programming A Practical Guide for Librarians covers major fandom and program themes as well as real world event club and program ideas to help librarians provide this type of programming to their communities Specifically detailed coverage is provided for Major fandoms including superheroes anime Harry Potter Dr Who Sherlock and video game fandoms including MMOGs Nintendo and RPGs Fandom clubs Fanfiction programming Cosplay programming STEM programming through fandoms graphic design and art video editing and design 3D printing Large scale geek events Promoting inclusivity through geek programming Use the tips and how to knowledge in this practical guide to get more teens into your library Dis/ability in Media, Law and History Micky Lee, Frank Rudy Cooper, Patricia Reeve, 2022-06-17 This book explores how being disabled originates in the physical world social representations and rules and historical power relations the interplay of which render bodies normal or not Do parking signs that represent people in wheelchairs as self propelling influence how we view dis ability How do wheelchair users understand their own bodies and an environment not built for them By asking questions like these the authors reveal how normalization has informed people s experiences of their bodies and their fight for substantive equality Understanding these processes requires acknowledging the tension between social construction and embodiment as well as centering the intersection of dis abilities with other identities such as race class gender sex orientation citizen status and so on Scholars and researchers will find that this book provides new avenues for thinking about dis ability A wider audience will find it accessible and informative *Sherlock's World* Ann K. McClellan, 2018-11-15 Sherlock Holmes remains more popular than ever some 130 years after the detective first appeared in print These days the iconic character s staying power is due in large part to the success of the recent BBC series Sherlock which brings the famous sleuth into the twenty first century One of the most watched television series in BBC history Sherlock is set in contemporary London where thirtysomething Sherlock and John no longer fussy old Holmes and Watson alongside New Scotland Yard solve crimes with the help of smartphones texting online forums and the internet In their modernization of Sir Arthur Conan Doyle s nineteenth century world Sherlock creators Stephen Moffatt and Mark Gatiss make London as much a character of their show as the actors themselves The highly stylized series has inspired an impassioned fan community in Britain the U S and beyond Fans create and share their writings which reimagine the characters in even more dramatic ways than the series can Interweaving fan fiction studies world building and genre studies Ann McClellan examines the hit series and the fan fiction it inspires Using Sherlock to trace the changing face of fan fiction studies McClellan s book explores how far fans are willing to go to change the Sherlockian canon while still reinforcing its power and status as the source text What makes Sherlock fanfic Sherlockian How does it stay within the canon even while engaging in the wildest reimaginings Sherlock s World explores the boundaries between canon
