Book Of Longing:

Book of Longing Leonard Cohen, 2008-11-19 Leonard Cohen is one of the great writers performers and most consistently daring artists of our time Book of Longing is Cohen s eagerly awaited new collection of poems following his highly acclaimed 1984 title Book of Mercy and his hugely successful 1993 publication Stranger Music a Globe and Mail national bestseller Book of Longing contains erotic playful and provocative line drawings and artwork on every page by the author which interact in exciting and unexpected ways on the page with poetry that is timeless meditative and at times darkly humorous The book brings together all the elements that have brought Leonard Cohen s artistry with language worldwide recognition

Book of Longing Philip Glass, 2007 [The Contemporary Leonard Cohen](#) Kait Pinder, Joel Deshayes, 2023-11-28 The Contemporary Leonard Cohen is an exciting new study that offers an original explanation of Leonard Cohen s staying power and his various positions in music literature and art The death of Leonard Cohen received media attention across the globe and this international star remains dear to the hearts of many fans This book examines the diversity of Cohen s art in the wake of his death positioning him as a contemporary multi media artist whose career was framed by the twentieth century and neoliberal contexts of its production The authors borrow the idea of the contemporary especially from philosophy and art history applying it to Cohen for the first time not only to the drawings that he included in some of his books but also to his songs poems and novels This idea helps us to understand Cohen s techniques after his postmodern experiments with poems and novels in the 1960s and 1970s It also helps us to see how his most recent songs poems and drawings developed out of that earlier material including earlier connections to other writers and musicians Philosophically the contemporary also sounds out the deep feelings that Cohen s work still generates in readers and listeners Whether these feelings are spiritual or secular sincere or ironic we get them partly from the sense of timeliness and the sense of timelessness in Cohen s lyrics and images which speak to our own lives and times our own struggles and survival From a set of international collaborators The Contemporary Leonard Cohen delivers an appreciative but critical examination of one of our dark luminaries **Book of**

The Penland Book of Handmade Books Lark Books, 2004 Publisher Description

Books of Definition in Islamic Philosophy Kiki Kennedy-Day, 2003-09-02 Islamic Philosophy has unusual origins Originally a hybrid of Greek philosophy and early Islamic theology its technical language consisted of a number of words translated from the Greek This book studies how Islamic philosophers of the ninth century AD such as al Kindi al Farabi and Ibn Sina developed an indigenous set of terms and concepts Their Books of Definition influenced the revision of the Arabic language to incorporate these new fields of knowledge Books of Definition in Islamic Philosophy The Limits of Words uses the work of these philosophers as a basis from which a comparison with their Greek precedents is enabled The book presents a framework for incorporating an Islamic and historically contextualised philosophy into a continuum of world philosophers At the core of this framework is Ibn Sina's Kitab al hudud which the author has translated into English and situates it in its correct geopolitical framework In establishing a historical and literary context for the writing and circulation of Ibn Sina's definitions the book breaks new ground in the integration of Islamic philosophy within a general history of philosophies This fascinating and comprehensive study will be of interest to scholars and postgraduate students of Islamic Philosophy
