Resolved Robert Litan,2020-10-06 Adopting a simple education reform to restore civil discourse and transform American society In this era of extreme political polarization it s tempting to believe nothing can be done to heal a nation that is so obviously divided and led by dysfunctional politicians But there is a relatively simple and powerful way to begin the healing and at the same time prepare the next generations of leaders for the rigorous demands of a constantly changing economy and society The solution offered by this intriguing book is for schools across the country to focus on developing in students the skills of successful debaters These are the skills so clearly lacking in contemporary society of listening and persuading through civil discourse backed by fact based evidence and reason Resolved explains how one simple educational reform can help address the nation s political divide and at the same time help ensure that today s young people will actually enjoy learning and thus will have the necessary skills to lead productive and economically rewarding lives The book offers practical ideas about a positive future for parents educators state legislators business leaders in fact anyone interested in how debate centered education can fundamentally change the country for the better

Shortchanged Annie Abrams,2023-04-25 Shortchanged is a brilliant book The Washington Post Author and high school English teacher Annie Abrams reveals how the College Board s emphasis on standardized testing has led the AP program astray Every year millions of students take Advanced Placement AP exams hoping to score enough points to earn college credit and save on their tuition bill But are they getting a real college education The College Board says that AP classes and exams make the AP program

more accessible and represent a step forward for educational justice. But the program's commitment to standardized testing no longer reflects its original promise of delivering meaningful college-level curriculum to high school students. In *Shortchanged*, education scholar Annie Abrams uncovers the political and pedagogical traditions that led to the program's development in the 1950s. In revealing the founders' intentions of aligning liberal arts education across high schools and colleges in ways they believed would protect democracy, Abrams questions the collateral damage caused by moving away from this vision. The AP program is the College Board's greatest source of revenue, yet its financial success belies the founding principles it has abandoned. Instead of arguing for a wholesale restoration of the program, *Shortchanged* considers the nation's contemporary needs. Abrams advocates for broader access to the liberal arts through robust public funding of secondary and higher education and a dismantling of the standardized testing regime. *Shortchanged* illuminates a better way to offer a quality liberal arts education to high school students while preparing them for college.

Writing Argumentative Essays Nancy V. Wood, 2000-05. This brief rhetoric helps students develop strategies for critical reading, critical thinking, research, and writing that will help them argue clearly and convincingly. It teaches them to identify and develop arguments to read and form reactions and opinions of their own, to analyze an audience to seek common ground, and to use a wide, realistic range of techniques to write argument papers that express their individual views and original perspectives on modern issues. It includes clear explanations and examples of argument theory and reading and writing processes, research and documentation skills, and offers engaging, class-tested writing assignments and activities. 49 Essays for Analysis cover several broad issue and sub-issue areas, all of contemporary concern. Unique chapters discuss student argument styles, Rogerian argument, and argument and literature.

What is "college-level" Writing? Patrick Sullivan, Howard B. Tinberg, 2006. Just what defines college-level writing is a question that has confounded, eluded, and divided teachers of English at almost every level of our profession for many years. This book seeks to engage this essential question with care, patience, and pragmatism. Special features include perspectives from high school teachers, student contributors, the administrative perspective, and interactive discussion between contributors. From publisher's description.

College Credit for Writing in High School Kristine Hansen, Christine Farris, 2010. Edited by Kristine Hansen and Christine R. Farris, this collection explores various options that students have for taking care of the first-year college writing requirement, including AP tests, concurrent enrollment, dual credit courses, the International Baccalaureate diploma, and early college high schools. The first-year college writing requirement is a time-honored tradition in almost every college and university in the United States. Many high school students seek to fulfill this requirement before entering college.

through a variety of programs such as Advanced Placement tests concurrent enrollment programs the International Baccalaureate diploma and early college high schools The growth of these programs raises a number of questions including Is this kind of outsourcing of instruction to noncollege providers of educational services something to be resisted or embraced What are the possible benefits and detriments to students their parents their teachers and the educational institutions What standards should be met with respect to student readiness teacher preparation curricular content pedagogical strategies and learning outcomes How can we create a seamless K 14 educational system that effectively teaches writing to students in the transition from adolescence to adulthood Contributors to this volume including high school teachers professors at community colleges and universities and administrators at both the secondary and postsecondary levels explore the complexity of these issues offer best practices and pitfalls of such a system establish benchmarks for success and lay out possible outcomes for a new educational landscape Advanced Placement English Gary A.
