Papers Relating to the Foreign Relations of the United States United States. Department of State,1978 Profit Centers in Industrial Ecology Ronald S. Smith,1998-10-15 Complying with environmental protection laws need not punch a hole in a firm s bottom line Smith shows that compliance can be profitable He provides corporate executives with easily accessed data and analyses of the theory of environmental management systems EMS and in doing so covers the major environmental concerns worrying corporate America The result is a practical guide to the tools of environmental management and how they can be used to enhance a corporation s profitability while at the same time reducing its impact on the environment and consequent financial liabilities Readers will find ways to tailor an appropriate strategy to their specific business needs justify that strategy financially and integrate the EMS into an existing business plan Smith takes the reader through all of the environmental factors that affect profits and productivity He demonstrates the practicality of not only considering the life cycle of a single product or service but also the impact of life cycles throughout the entire company A degree in environmental science is not needed to follow Smith s reasoning and advice but solid business knowledge is R important Smith provides all of the background needed to start an EMS program the benefits of which are limited only by management s priorities and the creativity of a company s people **Mughal Archives: Durbar papers and miscellany of singular documents** Andhra Pradesh Archives,1979

Eminent Persians Abbas Milani,2022-08-01 As the 25th anniversary of the Islamic Revolution approached Abbas Milani realized that very little if any attention had been given to the entire prerevolutionary generation Political upheavals and a tradition of neglecting the history of past regimes have resulted in a cultural memory loss erasing the contributions of a generation of individuals Eminent Persians seeks to rectify that loss Milani s groundbreaking portrait of modern Iran reveals the country s rich history through the lives of the men and women who forged it Consisting of 150 profiles of the most important innovators in Iran between World War II and the Islamic Revolution the book includes politicians entrepreneurs poets artists and thinkers who brought Iran into the modern era with brilliant success and sometimes terrible consequences The biographies and essays weave a richly textured tapestry of lives ideas and events that reveals the true story of these decades in the life of a nation The two volumes are divided into sections on politics economics and culture each accompanied by an introductory essay that places the individual stories in their broader historical context Drawn from interviews extensive archival material and private correspondence Eminent Persians is a treasure trove of original documents many appearing in print for the first time Detailed sketches of personalities and personal foibles offer a compelling and highly readable account of this remarkable period of history on a human scale
