Anarchist Guide Book:

The Anarchist Cookbook Keith McHenry, Chaz Bufe, Hedges Chris, 2015-09-29 From the cofounder of Food Not Bombs an action oriented guide to anarchism social change and vegan cooking Unlike the original Anarchist Cookbook which contained instructions for the manufacture of explosives this version is both a cookbook in the literal sense and also a cookbook of recipes for social and political change The coffee table sized book is divided into three sections a theoretical section explaining what anarchism is and what it isn't information on organizational principles and tactics for social and political change and finally numerous tasty vegan recipes from one of the cofounders of the international Food Not Bombs movement

[The Anarchist Cookbook](#) William Powell, 2018-02-05 The Anarchist Cookbook will shock it will disturb it will provoke It places in historical perspective an era when Turn on Burn down Blow up are revolutionary slogans of the day Says the author This book is not written for the members of fringe political groups such as the Weatherman or The Minutemen Those radical groups don't need this book They already know everything that's in here If the real people of America the silent majority are going to survive they must educate themselves That is the purpose of this book In what the author considers a survival guide there is explicit information on the uses and effects of drugs ranging from pot to heroin to peanuts There is detailed advice concerning electronics sabotage and surveillance with data on everything from bugs to scramblers There is a comprehensive chapter on natural non lethal and lethal weapons running the gamut from cattle prods to sub machine guns to bows and arrows

Anarchist's Guide to Historic House Museums Franklin D Vagnone, Deborah E Ryan, 2015-10-31 In these days of an aging traditional audience shrinking attendance tightened budgets increased competition and exponential growth in new types of communication methods America's house museums need to take bold steps and expand their overall purpose beyond those of the traditional museum They need not only to engage the communities surrounding them but also to collaborate with visitors on the type and quality of experience they provide This book is a ground breaking manifesto that calls for the establishment of a more inclusive visitor centered paradigm based on the shared experience of human habitation draws inspiration from film theater public art and urban design to transform historic house museums provides a how to guide for making historic house
