

The type of output can include articles, bullet points, tables, poems, jokes, scripts, just about anything that can be written. And finally, we've got Extras. These are the little additions that can really make a difference.

There is an art to writing, and AI can provide an easy framework to help you become a better professional. We'll use the terms for it. If ChatGPT is reviewing a document, it's taken from our conversations of top-notch quality to a conversation and I'm the right director.

# AI

at prompt is to focus in on a specific topic or narrow in on the good quality data. Add a few more details to let the AI know what you want the output should look like. If you are looking for a specific person doing a specific task, you can direct that output. You can also direct that output until it meets your needs.
