# Birth Of Our Power Spectre

**Charles John Smith, Henry Percy Smith**

## **Birth Of Our Power Spectre:**

**Birth of Our Power** Victor Serge, 1977      **Birth of Our Power** Victor Serge, Richard Greeman, 1970      **Patriarchy of the Wage** Silvia Federici, 2021-08-24 At a time when we are witnessing a worldwide expansion of capitalist relations a feminist rethinking of Marx's work is vitally important In **Patriarchy of the Wage** Silvia Federici bestselling author and the most important Marxist feminist of our era asks why Marx's crucial analysis of the exploitation of human labor was blind to women's work and struggle on the terrain of social reproduction Why was Marx unable to anticipate the profound transformations in the proletarian family that took place at the turn of the nineteenth century creating a new patriarchal regime **Patriarchy of the Wage** does more than just redefine classical Marxism It is an urgent call for a new kind of radical politics

**Men in Prison** Victor Serge, 2014-04-01 Everything in this book is fictional and everything is true wrote Victor Serge in the epigraph to **Men in Prison** I have attempted through literary creation to bring out the general meaning and human content of a personal experience The author of **Men in Prison** served five years in French penitentiaries 1912-1917 for the crime of criminal association in fact for his courageous refusal to testify against his old comrades the infamous Tragic Bandits of French anarchism While I was still in prison Serge later recalled fighting off tuberculosis insanity depression the spiritual poverty of the men the brutality of the regulations I already saw one kind of justification of that infernal voyage in the possibility of describing it Among the thousands who suffer and are crushed in prison and how few men really know that prison I was perhaps the only one who could try one day to tell all There is no novelist's hero in this novel unless that terrible machine prison is its real hero It is not about me about a few men but about men all men crushed in that dark corner of society Ironically Serge returned to writing upon his release from a GPU prison in Soviet Russia where he was arrested as an anti-Stalinist subversive in 1928 He completed **Men in Prison** and two other novels in semi-captivity before he was rearrested and deported to the Gulag in 1933 Serge's classic prison novel has been compared to Dostoyevsky's **House of the Dead** Koestler's **Spanish Testament** Genet's **Miracle of the Rose** and Solzhenitsyn's **One Day in the Life of Ivan Denisovich** both for its authenticity and its artistic achievement This edition features a substantial new introduction by translator Richard Greeman situating the work in Serge's life and times

**Stop, Thief!** Peter Linebaugh, 2014-03-01 In this majestic tour de force celebrated historian Peter Linebaugh takes aim at the thieves of land the polluters of the seas the ravagers of the forests the despoilers of rivers and the removers of mountaintops Scarcely a society has existed on the face of the earth that has not had commoning at its heart Neither the state nor the market say the planetary commoners These essays kindle the embers of memory to ignite our future commons From Thomas Paine to the Luddites from Karl Marx who concluded his great study of capitalism with the enclosure of commons to the practical dreamer William Morris who made communism into a verb and advocated communizing industry and agriculture to the 20th century communist historian E. P. Thompson Linebaugh brings to life the vital commonist tradition He traces the red thread from the great revolt of commoners in 1381 to the

enclosures of Ireland and the American commons where European immigrants who had been expelled from their commons met the immense commons of the native peoples and the underground African American urban commons Illuminating these struggles in this indispensable collection Linebaugh reignites the ancient cry STOP THIEF *Incomplete, True, Authentic, and Wonderful History of May Day* Peter Linebaugh, 2016-04-01 May Day is about affirmation the love of life and the start of spring so it has to be about the beginning of the end of the capitalist system of exploitation oppression war and overall misery toil and moil So writes celebrated historian Peter Linebaugh in an essential compendium of reflections on the reviled glorious and voltaic occasion of May 1st It is a day that has made the rich and powerful cower in fear and caused Parliament to ban the Maypole a magnificent and riotous day of rebirth renewal and refusal These reflections on the Red and the Green out of which arguably the only hope for the future lies are populated by the likes of Native American anarcho communist Lucy Parsons the Dodge Revolutionary Union Movement Karl Marx Jos Mart W E B Du Bois Rosa Luxemburg SNCC and countless others both sentient and verdant The book is a forceful reminder of the potentialities of the future for the coming of a time when the powerful will fall the commons restored and a better world born anew **Critique of the Gotha Program** Karl Marx, 2022-09-20 Marx s Critique of the Gotha Program is a revelation It offers the fullest elaboration of his vision for a communist future free from the shackles of capital but also the state Neglected by the statist versions of socialism whether Social Democratic or Stalinist that left a wreckage of coercion and disillusionment in their wake this new annotated translation of Marx s Critique makes clear for the first time the full emancipatory scope of Marx s notion of life after capitalism An erudite new introduction by Peter Hudis plumbs the depth of Marx s argument elucidating how his vision of communism and the transition to it was thoroughly democratic At a time when the rule of capital is being questioned and challenged this volume makes an essential contribution to a real alternative to capitalism rather than piecemeal reforms In the twenty first century when it has never been more needed here is Marx at his most liberatory Adventure Capitalism Raymond Craib, 2022-07-05 Imagine a capitalist paradise An island utopia governed solely by the rules of the market and inspired by the fictions of Ayn Rand and Robinson Crusoe Sound far fetched It may not be The past half century is littered with the remains of such experiments in what Raymond Craib calls libertarian exit Often dismissed as little more than the dreams of crazy rich Caucasians exit strategies have been tried out from the southwest Pacific to the Caribbean from the North Sea to the high seas often with dire consequences for local inhabitants Based on research in archives in the US the UK and Vanuatu as well as in FBI files acquired through the Freedom of Information Act Craib explores in careful detail the ideology and practice of libertarian exit and its place in the histories of contemporary capitalism decolonization empire and oceans and islands Adventure Capitalism is a global history that intersects with an array of figures Fidel Castro and the Koch brothers American segregationists and Melanesian socialists Honolulu based real estate speculators and British Special Branch spies soldiers of fortune and English lords Orange County engineers and Tongan navigators CIA operatives and CBS

news executives and a new breed of techno utopians and an old guard of Honduran coup leaders This is not only a history of our time but given the new iterations of privatized exit seasteads free private cities and space colonization it is also a history of our future [Abolishing Fossil Fuels](#) Kevin A. Young,2024-05-14 Climate destruction is a problem of political power We have the resources for a green transition but how can we neutralize the influence of Exxon and Shell Abolishing Fossil Fuels argues that the climate movement has started to turn the tide against fossil fuels just too gradually The movement s partial victories show us how the industry can be further undermined and eventually abolished Activists have been most successful when they ve targeted the industry s enablers the banks insurers and big investors that finance its operations the companies and universities that purchase fossil fuels and the regulators and judges who make life and death rulings about pipelines power plants and drilling sites This approach has jeopardized investor confidence in fossil fuels leading the industry to lash out in increasingly desperate ways The fossil fuel industry s financial and legal enablers are also its Achilles heel The most powerful movements in US history succeeded in similar ways The book also includes an in depth analysis of four classic victories the abolition of slavery battles for workers rights in the 1930s Black freedom struggles of the 1950s and 1960s and the fight for clean air Those movements inflicted costs on economic elites through strikes boycotts and other mass disruption They forced some sectors of the ruling class to confront others which paved the way for victory Electing and pressuring politicians was rarely the movements primary focus Rather gains in the electoral and legislative realms were usually the byproducts of great upsurges in the fields factories and streets Those historic movements show that it s very possible to defeat capitalist sectors that may seem invulnerable They also show us how it can be done They offer lessons for building a multiracial working class climate movement that can win a global green transition that s both rapid and equitable **Birth of Our Power** Victor Serge,1970 **Synonyms Discriminated** ,1926 **Synonyms Discriminated** Charles John Smith, Henry Percy Smith,1911 **Blackwood's Edinburgh Magazine** ,1876 [The Farmer's Magazine](#) ,1877 [Musical Courier and Review of Recorded Music](#) ,1921 **Our Paper** ,1897 *The Survey* ,1913 [The False State](#) Hilda Diana Oakeley,1937 **Telephony** ,1913 *Six Thousand Illustrations of Moral and Religious Truths* John Bate,1899
