business transaction relating to all the accounting items There are space for Date Description Account Debit Credit Page  
Come with Chart of accounts is a list of account names with corresponding account numbers Checking Account Ledger  
Accounting Ledger Daily Records Every Business Transaction Before It Flows To The Classification of Transactions In  
Accountancy First Accounting Book Before General Ledger Size 8 5 x11 NOTE Differences Between GENERAL JOURNAL vs  
GENERAL LEDGER The general journal is a catch all book of accounts where initial entry of the business transaction is  
recorded for the first time in chronological order making general journal an excellent place to review accounting transactions  
The general ledger is more of a summary at the account level of every business transaction which comes from various  
journals containing chronological accounting entries This information entered into the journal and summarised into the  
ledger is then aggregated further into a trial balance which is used to generate the financial statements of the business entity  
GENERAL JOURNAL vs GENERAL LEDGER Comparison Table 1 Meaning Journal is the first entry of financial transaction  
that is rightly summarized and recorded as per the double entry system Ledger is recorded from the journal in a T format  
and is the source of trial balance income statement and balance sheet 2 Which is more important Journal is more important  
than ledger because if it is done wrong ledger can t be done right Ledger is dependent upon the correctness of a journal  
because if the journal is recorded right the ledger will follow along 3 Format The format of a journal is simple and we include  
date particulars ledger folio debit amount and credit amount The format of the ledger is T format where we use date  
particulars and amount in each side 4 Label Journal is called book of original entry Ledger is called book of second entry 5 An  
act of recording The act of journaling is called journalizing The act of ledgering is called posting 6 How is the entry recorded  
In a journal the entry is recorded as per the date of the transaction In ledger the entry is recorded account wise 7  
Narration In a journal the narration is must to understand the nature of entry In ledger the narration is optional 8 Necessity  
of balancing Balancing is not required in journal Balancing is mandatory in ledger [Accounting General Ledger Book](#) Pink
