**Methodist Morals** Darryl W. Stephens, 2016-05-15 *Methodist Morals* offers keen insight into the public church interpreting the United Methodist Social Principles as a dynamic discourse about morality and human rights in light of faith. Revised every four years by the General Conference of the United Methodist Church, the Social Principles exposes the moral deliberations of this distinctly American and increasingly worldwide church as it struggles to achieve community across multiple languages and cultures. Perhaps no other document provides as rich a depiction of Protestants participating in the moral argument of public life. This is the first full length study of Methodist social teachings in over fifty years. Examining official Methodist teachings from institutional, historical, and cross-cultural perspectives, Darryl Stephens provides a rich analysis of this case study of Protestant social witness, drawing on his expertise in church polity, Methodist history, and Christian social ethics. A wide range of comparisons with documents of the United Nations with moral debate in Germany and Zimbabwe, and with historical Methodist statements of social witness, shows the Social Principles to be a unique form of social witness. The issues of war, abortion, human sexuality, and marriage illustrate the messiness of democratic deliberation in an ecclesial context and the evolution of a people ever concerned with the sin of worldliness, even as they become more attuned to transforming social structures. Stephens also contrasts this conception of the public church with the ecclesiologies of prominent Methodist ethicists Stanley Hauerwas and Paul Ramsey. Intended for students of Methodism, ecumenical church leaders, and scholars of Christian social ethics and contemporary US mainline religion, this work reveals the challenges and possibilities for achieving moral community in an increasingly global and diverse world. **DARRYL W. STEPHENS**, director of United Methodist studies at Lancaster Theological Seminary, is former assistant general secretary for advocacy and sexual ethics in the UMC's General Commission on the Status and Role of Women. He is the coeditor of *Professional Sexual Ethics: A Holistic Ministry Approach*.

**Out of Exodus** Darryl W. Stephens, Michael I. Alleman, Andrea Brown, Ruth A. Daugherty, Mary Merriman, 2018-05-02 *Biblical and progressive Mainline and charismatic Faithful and questioning*. This book is not what you think it is. The story of the Exodus is told in parallel with testimonies, sermons, and personal reflections from a congregation in Lancaster, Pennsylvania, challenging the reader to a journey of faith. Along the way, it becomes clear that open and affirming ministry transcends LGBTQIA inclusion. It is also about race, relations, poverty, generational change, divorce, immigration, and any other human-created barrier to loving God and neighbor. Tools for the journey: Finding a new voice amid profound social change is a difficult and vitally important task. Many congregations and entire denominations are in the process of figuring out how to express a new voice of faith, particularly in our understanding of sexuality and gender. Christians are experiencing nothing less than a holy disruption caused by the Spirit among us. The book concludes with a discussion of challenges to community and ministry. Helpful appendices provide congregational resources and discussion questions for group study. The stories in this book include experiences of and with persons in many denominational settings.

Networks for Faith Formation Steve Emery-Wright, Ed Mackenzie, 2017-05-19 The spiritual formation of young people can often focus on encouraging their personal spiritual practices and perhaps linking them to a local youth group While both are important Networks for Faith Formation argues that a far wider set of relationships are needed to help faith grow The aim of Networks for Faith Formation is to describe and commend eight key networks relational bonds that nurture and nourish faith The eight networks are bedroom practices personal faith church family friends mentors small groups events and gatherings and mission and service The description of each network draws on biblical studies practical theology and the social sciences and practical ideas for helping young people engage with such networks are included throughout the book In a context where some overlook the complexity of spiritual formation Networks for Faith Formation is an important resource for church leaders youth ministers and parents seeking to help young people grow in faith Since relational bonds are key for people of any age it can also help all within the church understand the need for relationships in spiritual growth
