Cemeterians Jack W. Plunkett, 2008 Franklin Jack Marla Thadius and Caitlin this unlikely group of assorted misfits are the Cemeterians a group that will take on any job no really we mean any bloody job money s a bit tight right now Trudge through disgusting sewers to battle manatee massacring mermaids and soggy cultists creep through creepy fog littered cemeteries straight out of an ancient Hammer Film soundstage confront undead lecherous lodgers and other assorted beasties creepies and ghoulies It all comes down to whether an adolescent giant Automaton a truly mad Mad Scientist a surly Necromancer a Banshee s granddaughter and a reluctant furry monster straight from under your little sister s bed can manage not to kill each other or at least quit fighting over the tele privilege schedule long enough to get the job done Not likely

Car and Driver, 2005 *Project Management Theory and Practice* Gary L. Richardson, 2010-01-20 Although there are numerous project management resources available most are either too academic focus too heavily on IT or provide quick fix advice without the theory required to understand why the solutions work Following and expanding on PMI s Project Management Body of Knowledge PMBOK Project Management Theory and Practice provides students with a complete overview of project management theory in language they can easily understand This classroom tested textbook translates the abstract model vocabulary and processes from A Guide to the Project Management Body of Knowledge PMBOK Guide Fourth Edition into accessible discussions complete with contemporary views and projections for the future The text integrates the organizational environment that surrounds a project to supply students with the well rounded knowledge of theories organizational issues and human behavior needed to manage real world projects effectively Providing a clear picture of the state of the art in project management it details numerous project related frameworks including Enterprise project management Project portfolio management Work breakdown structures Earned value management Professional responsibility Project team productivity The text reaches beyond traditional core project management topics to include discussions on enterprise maturity virtual and outsourced organizations project management offices operational governance and multi project management Filled with numerous end of chapter questions scheduling and budgeting problems scoping projects and sample worksheets that illustrate various analytical tools and management decisions this is the ideal text for classroom use and essential reading for anyone seeking project management certification
