financial career Karen spent a decade learning to trade on the stock market After leaving her executive position she continued trading stocks in order to create an income for herself and her nonprofit projects Her surprising success attracted the attention of her friends and former colleagues who asked her to invest their funds as well In response she launched a private hedge fund whose earnings allowed her to underwrite all of Just Hope s overhead and operating costs After unprecedented returns Karen was shocked when she came under investigation by the SEC which accused her of fraudulent practices Her deep faith quiet confidence and the staunch support of her investors upheld her throughout this dark time In the midst of the SEC investigation Karen and her team continued their humanitarian endeavors After working in several countries in South America Asia and Africa Karen and her team witnessed how essential women are to the success of their projects Though women are the hardest most dedicated workers Karen grieves how little support and encouragement these women receive She finds herself deeply inspired by these courageous women and sensed a fresh calling to devote her energy toward encouraging and strengthening women specifically in the years ahead
