

MENTAL MATH BY ALEX | ACT WRITING TEST GUIDE

I recommend that you use the following framework to plan and develop your essay. Start by reading the whole prompt. Next, decide on your perspective and generate a thesis statement that responds directly to the question in the prompt. Next, fill out the structural outline (see Essay Structure) with your claims, evidence, analysis, and at least one counterargument and refutation. Next, write your essay in complete sentences, following your outline. As you write, use transitions to keep your essay flowing and coherent. Vary your sentence structure and use rich language. Conclude by restating your thesis and projecting the next steps of your argument. Finally, briefly proofread your essay. Spend about half of the 40 minutes actually writing the essay and the other half on reading the prompt, planning, and editing (see Timing).

There do not seem to be any content, scoring, or timing changes between the traditional and the enhanced ACT versions besides the new on line option. The writing test remains optional and is not part of the composite score.
