questions at the end of each chapter ask the reader to reflect on how the chapter content relates to their own work and how they will apply what they have learned A consistent theme throughout the book is equality of opportunity for people with learning disabilities to achieve good health There is now substantial evidence that people with learning disabilities have poorer health than the general population are more likely to have multiple health needs and can experience difficulties in having their illnesses diagnosed and treated promptly This book aims to help those supporting people with learning disabilities to achieve more equal outcomes
