Economic Question Paper Paper2 November 2014

Andrey Makarychev, Alexandra Yatsyk

Economic Question Paper Paper2 November 2014:

Green Jobs for Sustainable Development Ana-Maria Boromisa, Sanja Tišma, Anastasya Ležaić, 2015-06-26 A green economy must be built on green jobs the kind of employment that is low carbon intended to reduce energy use and expected to restore environmental quality But attempts to define exactly what a green job is have led to varied and often contradictory answers There are many unresolved questions including whether we consider jobs in the nuclear fuel industry to be green jobs Or is a worker at a glass making company which supplies the glass for the solar photovoltaic industry doing a green job given that glass making is a dirty industry This book deals with the relationship between green concepts green jobs green economy green growth and sustainable development It examines to which extent creation of green jobs supports overall economic development as opposed to creation of elitist jobs and greenwashing In order to do so general conceptual frameworks for green jobs green economy green growth and green policy are presented as well as their implementation in ten countries selected among the Group of Twenty The selection includes advanced the European Union the United States of America Australia Canada Republic of Korea Japan and developing countries Mexico China Turkey and Brazil The analysis presented in this book shows that although green concept is well intentioned its implementation depends on local circumstances economic political and social Developed countries perceive green growth as a way to create new markets and demand while developing countries rely more on labor intensive growth and less expensive green jobs Thus greening the economy does not diminish differences between rich and poor This book is suitable for those who study and work in Ecological Economics Sustainable Development and Labor Economics

Peacemaking and the Extractive Industries Natalie Ralph, 2017-11-22 Peacemaking and the Extractive Industries addresses a significant gap in research on the political and diplomatic role of multinational corporations in peace processes in intrastate conflict Corporate Peacemaking The author focuses on corporations in the oil and mining sectors supporting or participating in peace negotiations and mediation The chapters explore national level peace processes as well as those at community and global levels While the focus is on extractive companies the findings are valuable to companies from all industries looking at peace related processes This ground breaking book gives a comprehensive picture of how Corporate Peacemaking currently works how it can be developed and implemented and how it is likely to impact global governance and corporate culture in the future The book demonstrates that Corporate Peacemaking has the potential to be a powerful element in international governance and peace efforts and Ralph shows through the business case that companies as well as communities will benefit Ralph presents a new framework for Corporate Peace that will assist companies from all sectors in countries experiencing violent conflict in addition to instability human rights abuses and poor governance Based on rigorous academic research with practical case studies it is essential reading for practitioners academics policy makers and NGOs

Consumer Involvement in Private EU Competition Law Enforcement Maria Ioannidou, 2015-09-03 Despite the growing importance of consumer welfare in EU competition law

debates there remains a significant disconnect between rhetoric and reality as consumers and their interests still play only an ancillary role in this area of law Consumer Involvement in Private EU Competition Law Enforcement is the first monograph to exclusively address this highly topical and much debated subject providing a timely and wide ranging examination of the need for more active consumer participation in competition law Written by an expert in the field it sets out a comprehensive framework of policy implications and arguments for greater involvement positioning the debate in the context of a broader EU law perspective It outlines pragmatic approaches to remedial and procedural measures that would enable consumer empowerment Finally the book identifies key institutional and political obstacles to the adoption of effective measures and suggests alternative routes to enhance the role of consumers in private competition law enforcement The book s innovative approach combining normative analysis and practical solutions make it invaluable for academics policy makers and practitioners in the field
